Report of Independent Auditor

To the Board of Trustees PACE Industry Union-Management Pension Fund Nashville, Tennessee

Opinion

We have audited the accompanying financial statements of PACE Industry Union-Management Pension Fund (the "Fund"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, information regarding The Fund's net assets available for benefits as of December 31, 2021, and changes therein for the year then ended and its financial status as of December 31, 2020, and changes therein for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 5, the Fund's actuary certified that the Fund is in "critical status" as defined by the Pension Protection Act of 2006. Additionally, at January 1, 2021, the Fund did not meet the minimum funding requirements of the Employee Retirement Income Security Act of 1974 ("ERISA"). Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism through the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions of events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021 and Schedule of Reportable Transactions – Form 5500, Schedule H, Part IV, Line 4j for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Cherry Bekaert LLP

Nashville, Tennessee October 6, 2022

The accompanying notes to the financial statements are an integral part of these statements.

DECEMBER 31, 2021 AND 2020

Note 1—Description of plan

The following description of the PACE Industry Union-Management Pension Fund (the "Fund") provides only general information. Participants should refer to the Fund's plan of benefits (the "Plan") for a more complete description of the Plan's provisions.

General Description of Plan – The multiemployer defined benefit program was established in 1963. The Plan was restated in 2002, 2009, and 2015. The more significant provisions of the multiemployer defined benefit program are as follows:

- (i) Participating employers contribute amounts based upon the contribution rates that have been agreed to in their collective bargaining agreements with the sponsoring union and participation agreements with the Plan. The collective bargaining agreements require contributions to the Plan at fixed rates per hour. Such contributions are required to be remitted to the Plan monthly. No employee contributions are permitted.
- (ii) An employee who is engaged in covered employment, as defined, shall become a participant in the Plan on the earliest of January 1 or July 1 following completion of a 12-month period beginning on the employee's hire date (or in calendar years thereafter) during which the employee has at least 1,000 hours of service in covered employment and is age 21 or older. Program G (see below) requires completion of 150 hours in covered employment during a similar 12-month period for employees hired on or after January 1, 1994 (the requirement is 750 hours in covered employment during a similar 12 month period for employees hired on or before December 31, 1993).
- (iii) The Plan provides for several different types of pension and other forms of benefits. Participants' benefits are determined based on each participant's pension credits and benefit levels. The Plan is comprised of several programs that determine pension credit as follows:

Future Service Credit – Future service credit is based on hours of service in covered employment and generally includes all hours in covered employment which are paid by an employer. Subject to certain limitations, hours may also be credited for certain non-working periods.

Programs A, B, C, D, E, & F – Participants receive one full year of future service credit for each calendar year in which they have at least 1,760 hours (effective January 1, 2011 this requirement increased to 2,040 hours for most participants) for which contributions are due from a contributing employer on their behalf. Participants may also receive a partial year of future service credit for calendar years in which they have less than 1,760 hours (effective January 1, 2011 this requirement increased to 2,040 hours for most participants).

Program G – Participants receive one full year of future service credit for each calendar year in which they have at least 1,800 hours (effective January 1, 2011 this requirement increased to 2,040 hours) for which contributions are due on their behalf. Participants may also receive a partial year of future service credit for calendar years in which they have less than 1,800 hours (effective January 1, 2011 this requirement increased to 2,040 hours) this requirement increased to 2,040 hours).

Past Service Credit – Past service credit is pension credit for work performed before an employer started contributing to the Plan.

Programs A, B, C, D, E, & F – Participants qualify for past service credit if they satisfy certain requirements. Subject to several restrictions, including type of eligible employment, participants may receive one year of past service credit for each calendar year in which they worked at least 1,200 hours in creditable employment. A partial year of past service credit for the calendar year in which covered employment or creditable employment starts may also be received. Under Programs A, B, and C, past service is available for both vesting and pension credit purposes. Under Programs D, E, and F, on or after January 1, 1999, it is available only for vesting purposes.

DECEMBER 31, 2021 AND 2020

Note 1—Description of plan (continued)

Program G – Participants qualify for past service credit if they satisfy certain requirements. Subject to several restrictions, including type of eligible employment, participants may receive one year of past service credit for each calendar year in which they worked at least 150 days.

For employees of employers that begin participating in the Fund on or after January 1, 2006, past service credit is limited to time worked at the facility for which the employer makes contributions to the Fund, subject to limitations as determined by the Fund's actuary.

Participants are vested after earning five years of vesting credit.

Amendments – Certain provisions of the Plan have been amended by the Trustees. Participants should refer to the Summary Plan Description and Summaries of Material Modifications ("SMM") for the details of such amendments and their impact on the benefits provided under the Plan. The effects of the amendments adopted by the Trustees subsequent to January 1, 2021 have not been included in the actuarial studies disclosed in Note 5.

Fund Termination – It is the intent of the Trustees to continue the Fund in full force and effect. However, the Trustees have the right to discontinue or terminate the Plan in whole or in part. Termination shall not permit any part of the Fund's assets to be used for or diverted to purposes other than the exclusive benefit of the pensioners, beneficiaries and participants. In the event the Fund terminates, the net assets of the Fund will be allocated as prescribed by the Plan and ERISA.

In addition, certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. The PBGC does not guarantee all types of benefits and the amount of any individual participant's benefit protection is subject to certain limitations, particularly with respect to benefit increases as a result of Plan amendments in effect for less than five years. Some benefits may be fully or partially provided for while other benefits may not be provided at all.

Note 2—Summary of significant accounting policies

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition – Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Quoted market prices as of the last day of the year, whenever available, are used to value investments. See Note 3 for a discussion of fair value measurements.

Mutual funds, commingled funds, and collective trust funds are valued at the net asset value ("NAV") of shares held by the Fund at year end. Mutual funds are registered investment companies with quoted prices that are publicly accessible.

The Fund's interests in the limited partnerships are valued at fair value as determined by the limited partnership custodian based on the beginning of year value of the Fund's interest plus actual contributions and allocated investment income, less actual distributions and allocated administrative expenses.

The Fund's purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Fund's gains and losses on investments bought and sold, as well as, held during the year.

DECEMBER 31, 2021 AND 2020

Note 2—Summary of significant accounting policies (continued)

Employer Contributions – Employer contributions receivable are recorded as they become due. The carrying amounts of receivables are reduced by valuation allowances, if necessary, which reflect the Fund's best estimate of the amounts that will not be collected. Such allowances are estimated based on the Fund's knowledge of its participating employers. Any withdrawal liabilities due to the Fund are recognized as income when received due to the uncertainties surrounding ultimate collection.

Furniture and Equipment – Furniture and equipment are stated at cost. Depreciation is provided over the assets' estimated useful lives using the straight-line method. Expenditures for maintenance and repairs are expensed when incurred. Expenditures for renewals or betterments are capitalized. When assets are retired or sold, the cost and the related accumulated depreciation are removed from the accounts, and the resulting gain or loss is included in the statement of changes in net assets available for benefits.

Payment of Benefits - Benefits are recorded when paid.

Accumulated Plan Benefits – Accumulated plan benefits for the multiemployer defined benefit program are those estimated future periodic payments, including lump-sum distributions, under the Plan's provisions that are attributable to services rendered by the participants to the valuation date. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated vested participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries.

Benefits are based on the benefit level negotiated by participating employers in their participation agreements with the Fund. Benefits for retired or terminated participants or their beneficiaries are based on employees' benefit levels at the time of retirement or termination. The accumulated plan benefits for active participants are based on the benefit levels in effect on the date as of which the benefit information is presented. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to participant service rendered as of the valuation date.

The estimated actuarial present value of accumulated plan benefits is determined by the Fund's actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations are (a) life expectancy of participants was measured using the RP-2006 Blue Collar Employee Mortality Table with generational projection using Scale MP2019 from 2006, RP-2006 Blue Collar Healthy Annuitant Mortality Table with generational projection using Scale MP2019 from 2006, and RP-2006 Disabled Retiree Mortality Table with generational projection using Scale MP2019 from 2006, (b) retirement age assumptions based on historical and current demographic data (the assumed retirement age range was 55 to 70+), and (c) an investment return of 6.5%.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

DECEMBER 31, 2021 AND 2020

Note 2—Summary of significant accounting policies (continued)

Postretirement Benefits Other Than Pensions for Fund Employees – Employees of the Fund that were hired on or before December 31, 2010, who have rendered at least 5 years of service to the Fund and reached age 50 or are totally and permanently disabled are entitled to postretirement health and dental care. These benefits are subject to deductibles, copayment provisions and other limitations. The Fund reserves the right to change or terminate the benefits at any time. In addition to health and dental care, the Fund provides death benefits to the beneficiaries of such employees and certain qualified retirees of the Fund in an amount rounded up to the nearest thousand dollars, equal to the employee's annual salary at death or the retiree's salary at retirement.

Postretirement benefits, other than pensions, are accrued based on actuarially determined costs during an employee's period of service. The Fund recognizes actuarial gains and losses in the year incurred. The obligation for postretirement benefits is measured annually and changes in the obligation are included in the accompanying financial statements.

Reimbursed Expenses – The Fund has entered into an agreement to provide management and other services for the operations of the USW HRA Fund ("HRA") and the USW Industry 401(k) Fund ("USW 401(k)"). As part of this agreement, the Fund charges HRA and USW 401(k) a monthly allocation of costs incurred on their behalf. The amount of costs allocated to the respective funds are based upon various factors such as specific identification of direct expenses, which include salaries and employee benefits, and appropriate allocations for other common administrative and occupancy expenses.

The Fund allocated \$268,519 and \$323,395 of expenses to the HRA during 2021 and 2020, respectively. The Fund allocated \$669,555 and \$887,170 of expenses to the USW 401(k) during 2021 and 2020, respectively. The Fund records the reimbursement of these allocated costs as a reduction to salaries and other employee benefits in the accompanying statements of changes in net assets available for benefits.

Use of Estimates – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Withdrawal Liability – The Fund complies with provisions of the Multiemployer Pension Plan Amendments Act of 1980 that require imposition of withdrawal liability on a contributing employer that partially or completely withdraws from the Fund. The Trustees adopted the attributable method for determining withdrawal liability. Payments of withdrawal liability by a participating employer are recognized as income when received prior to end of year, or soon after year end if such payment was expected for prior year, due to uncertainty of receipt and inability to estimate the likelihood of receipt.

Funding Deficiency Payments – The Fund has a deficiency in its funding standard account and is allocating the deficiency to employers under the terms of the Fund's rehabilitation plan. Contributions made to the funding standard account by employers are recognized as income when received due to uncertainty of receipt and inability to estimate the likelihood of receipt.

Date of Management's Review – Subsequent events were evaluated through October 6, 2022, which was the date the financial statements were available to be issued.

DECEMBER 31, 2021 AND 2020

Note 3—Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Fund has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Mutual Funds, Collective Trust Funds and Commingled Funds – Valued at NAV of shares held by the Fund at year end.

The following tables set forth by level, within the fair value hierarchy, the Fund's assets at fair value at December 31, 2021 and 2020.

| | Assets at Fair Value at December 31, 2021 | | | | | | |

(*) In accordance with Subtopic 820-10, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Investments that Calculate Net Asset Value or its Equivalent

The following tables summarize investments measured at fair value based on NAV per share or its equivalent as a practical expedient as of December 31, 2021 and 2020, respectively.

| <u>December 31, 2021</u> | Fair Value | Unfunded Commitments | Redemption Frequency (if currently eligible) | Redemption Notice Period |

Dodomation

(a) Real Estate Debt Fund – The investment objective is to provide investors with attractive risk-adjusted returns through various real estate market cycles by primarily investing, directly or indirectly, in public and/or private debt and, to a lesser extent, in non-controlling equity and other interests in or relating to real estate related equity investments. Except as provided in the fund's agreement, withdrawals were not authorized until the fund terminated in June 2021.

- (b) *Hedge Fund II* The fund has withdrawal provisions that apply to the Fund's investment. Withdrawals can be made with 30-days' notice to the fund. Redemptions can be gated up to 25% at the discretion of the fund's board.
- (c) *Hedge Fund III* There is a 10% holdback on total redemptions that is held in escrow until final NAV is calculated, 20 days after month end.
- (d)*Hedge Fund IV* The fund has withdrawal provisions that apply to the Fund's investment. Such provisions require a 1 year rolling soft lock-up period, and generally limit the timing of withdrawals that can be made by the Fund to quarterly, with 90 days pre-notification after the lock-up period. There is also a 5% holdback on total redemptions that is held in escrow until completion of the fund's audit. As of December 31, 2020, the investment closed and 95% of funds were returned with the remaining 5% holdback paid in March 2021.
- (e)*Hedge Fund V* The fund has withdrawal provisions that apply to the Fund's investment. Such provisions require a 4-year rolling lock-up period, and generally limit the timing of withdrawals that can be made with 45-days' notice to the fund, with 90 days pre-notification after the lock-up period. There is also a 5% holdback on total redemptions that is held in escrow until completion of the fund's audit.
- (f) *Hedge Fund VI* The fund has withdrawal provisions that apply to the Fund's investment. Such provisions require a 1 year rolling soft lock-up period, and generally limit the timing of withdrawals that can be made by the Fund to monthly, with 60 days pre-notification after the lock-up period. There is also a 5% holdback on total redemptions that is held in escrow until completion of the fund's audit.
- (g) *Hedge Fund VII* The fund has withdrawal provisions that apply to the Fund's investment. Withdrawals can be made monthly with 28 days pre-notification. There is also a 5% holdback on total redemptions that is held in escrow until completion of the fund's audit.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 4—Furniture and equipment

A summary of furniture and equipment owned by the Fund as of December 31, 2021 and 2020 is as follows:

| | 2021 | 2020 |
|---|---------------|---------------|
| Furniture, fixtures, and equipment | \$ 153,040 | \$ 153,040 |
| Accumulated depreciation and amortization | (72,195) | (40,111) |
| | \$ 80,845 | \$ 112,929 |

The Fund recognized depreciation expense of \$32,084 and \$19,018 in 2021 and 2020, respectively, which is included in other general and administrative expenses.

Note 5—Accumulated plan benefits

A summary of accumulated plan benefit information obtained from actuarial studies as of January 1, 2021 and 2020 is as follows:

| | 2021 | 2020 |
|--|------------------|-----------------|
| Actuarial present value of accumulated plan benefits: | | |
| Participants currently receiving payments | \$ 1,867,071,009 | \$1,835,163,228 |
| Other vested participants | 1,001,562,896 | 1,067,046,117 |
| | 2,868,633,905 | 2,902,209,345 |
| Actuarial present value of nonvested accrued benefits | 5,619,435 | 6,681,542 |
| Total actuarial present value of accumulated plan benefits | \$2,874,253,340 | \$2,908,890,887 |

The changes in the actuarial present value of accumulated plan benefits obtained from actuarial studies as of January 1, 2021 and 2020 are as follows:

| | 2021 | 2020 |
|---|---|---|
| Accumulated plan benefits, beginning of year | \$ 2,908,890,887 | \$2,932,707,127 |
| Benefits paid Interest Benefits accumulated and other | (209,464,088) 181,703,026 (6,876,485) | (205,610,430) 183,386,763 (1,592,573) |
| Net decrease | (34,637,547) | (23,816,240) |
| Accumulated plan benefits, end of year | \$ 2,874,253,340 | \$2,908,890,887 |

As of January 1, 2021 and 2020, the Fund's actuarially determined Minimum Funding Standard Account did not meet the minimum funding requirements of ERISA.

The Fund's actuary certified that, for the plan years beginning January 1, 2021 and January 1, 2020, the Fund is in "critical status," as defined in the Pension Protection Act of 2006 ("PPA"). As required by the PPA, the Fund has notified all affected parties, including plan participants that the Fund is in critical status.

The PPA requires that pension plans in critical status adopt a rehabilitation plan aimed at improving the Fund's funded status. The Fund's Board of Trustees adopted a rehabilitation plan on July 19, 2010, which has been updated and amended from time to time, that calls for contribution rate increases, reductions in future benefit accruals, the reduction or elimination of specified benefits, and payment by a withdrawing employer of its allocable portion of the accumulated funding deficiency. A copy of the rehabilitation plan was sent to the contributing employers and unions representing plan participants. The Trustees have updated the rehabilitation plan in accordance with applicable law.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 6—Postretirement benefits other than pensions

Medical and life insurance benefits for certain employees of the Fund are provided by the Fund through a plan that the Fund participates in. The plan is funded as obligations become due and, therefore, has no assets. A summary of the Fund's postretirement benefit obligations included in the accompanying financial statements as of December 31, 2021 and 2020 are as follows:

| | 2021 | 2020 |
|---|------------------|------------------|
| Change in benefit obligation: | | |
| Benefit obligation, beginning of year | \$ 20,510,952 | \$ 17,157,932 |
| Service cost | 210,833 | 191,550 |
| Interest cost | 566,295 | 650,476 |
| Actuarial (gain) loss | (282,359) | 3,015,594 |
| Benefits paid | (525,596) | (504,600) |
| Benefit obligation, end of year | 20,480,125 | 20,510,952 |
| Change in plan assets: | | |
| Employer contributions | 525,596 | 504,600 |
| Benefits paid | (525,596) | (504,600) |
| Fair value of plan assets, at end of year | | - |
| Funded status, at end of year | \$ 20,480,125 | \$ 20,510,952 |

A summary of net periodic benefit cost related to postretirement benefits for 2021 and 2020 is as follows:

| | 2021 | 2020 |
|--------------------------------|-----------------|-----------------|
| Service cost | \$ 210,833 | \$ 191,550 |
| Interest cost | 566,295 | 650,476 |
| Amortizations of prior credit | (21,017) | (21,017) |
| Amortization of actuarial loss | 391,340 | 473,411 |
| Net periodic benefit costs | \$ 1,147,451 | \$ 1,294,420 |

Assumptions used in determining the postretirement benefit obligation are as follows:

| | 2021 | 2020 |
|-------------------------------|-------|-------|
| Discount rate | 2.77% | 2.94% |
| Rate of compensation increase | 2.25% | 2.25% |

Assumptions used in determining the periodic benefit cost are as follows:

| | 2021 | 2020 |
|--------------------------------|-------|-------|
| Discount rate | 2.94% | 3.52% |
| Expected return on plan assets | N/A | N/A |
| Rate of compensation increase | 2.25% | 2.25% |

DECEMBER 31. 2021 AND 2020

Note 6—Postretirement benefits other than pensions (continued)

The approximate future benefit payments, which reflect expected future service are as follows:

| | Estimated Benefit Payments |
|-------------------|----------------------------------|
| 2022 | \$ 577,990 |
| 2023 | 596,064 |
| 2024 | 630,768 |
| 2025 | 676,126 |
| 2026 | 697,635 |
| 2027 through 2031 | 3,828,561 |
| Total | \$ 7,007,144 |

The disclosures above were determined through actuarial valuation. For measurement purposes at December 31, 2021, various health care cost trend rates were used to calculate the anticipated increase in per capita costs of medical, prescription drug and dental benefits. Rates ranging from 5.5% to 5% were assumed in 2021, and such rates were assumed to decrease in various increments annually until reaching an ultimate level of 5% in 2022.

The health care cost trend rate assumption has a significant effect on the amounts reported. Increasing the assumed health care cost trend by one percentage point in each year would increase the accrued postretirement benefit obligation by \$4,085,086 and \$149,734 at December 31, 2021 and 2020, respectively, and would increase the net periodic postretirement benefit cost by \$191,744 in 2021 and \$9,036 in 2020. Similarly, decreasing the assumed health care cost trend by one percentage point in each year would decrease the accrued postretirement benefit obligation by \$3,140,423 and \$116,471 at December 31, 2021 and 2020, respectively, and would decrease the net periodic postretirement benefit cost by \$140,943 in 2021 and 2020, respectively, and would decrease the net periodic postretirement benefit cost by \$140,943 in 2021 and 2020, respectively.

Note 7—Multiemployer retirement plan

Certain employees of the Fund are covered by a multiemployer pension plan ("MEPP"). The MEPP provides retirement benefits to the covered employees in accordance with a collective bargaining agreement. The collective bargaining agreement covers approximately 64% of the Fund's employees and expires December 31, 2021. The new agreement, effective January 1, 2022 has no significant changes to participants in the MEPP. As one of many participating employers in the MEPP, the Fund is generally responsible with the other participating employers for any plan underfunding. The Fund made contributions of \$146,267 and \$143,886 during December 31, 2021 and 2020, respectively, to the MEPP for covered employees.

The Fund could be obligated to make future payments to the MEPP if the MEPP adopts a funding improvement plan or rehabilitation plan to improve its funding status as required under the PPA. As of December 31, 2021, the MEPP's actuary certified that the plan was neither in endangered nor critical status. Therefore, the MEPP is not currently required to adopt a funding improvement plan or rehabilitation plan.

The Fund could also be obligated to make future payments to the MEPP if the Fund ceases to have an obligation to contribute to the plan or significantly reduces its contributions to the plan because of a reduced number of employees covered by the plan (known as complete or partial withdrawal liability). In the event of complete or partial withdrawal from the MEPP, the amount of additional payments generally would equal the Fund's proportionate share of the MEPP's unfunded vested benefits. The Fund is aware that the MEPP had unfunded vested benefits at December 31, 2021. However, due to uncertainty regarding future factors that could trigger withdrawal liability, as well as the absence of specific information regarding matters such as the MEPP's current financial situation, delays in reporting, the potential withdrawal or bankruptcy of other contributing employers, and the impact of future plan performance, the Fund is unable to determine with any certainty the amount and timing of any potential, future withdrawal liability or changes in future funding obligations.

DECEMBER 31, 2021 AND 2020

Note 8—Risks and uncertainties

The Fund utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

The Fund's credit risks primarily relate to mutual funds and collective trust funds. The market values of these assets will fluctuate considerably based on investors' determinations of the performance of the underlying investments and interest rate changes. The risk of loss would increase due to poor performances by the financial markets or underlying investments and due to failures by financial institutions in which funds are held or invested.

At various times during the year, the Fund has cash deposits at banks in excess of the federally insured limit. The Fund has not experienced any losses in such accounts, and the Trustees believe the Fund is not exposed to any significant credit risk in this regard.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, healthcare inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 9—Income tax status

The Fund obtained a favorable determination letter on January 18, 2017, in which the Internal Revenue Service ("IRS") stated that the Fund was in compliance with the applicable requirements of the IRC. The Fund is required to operate in conformity with the IRC to maintain its qualification. The Fund has been amended subsequent to the form submitted to the IRS for which favorable determination was received. However, the Trustees believe that the Fund is designed and is currently being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Fund management to evaluate tax positions taken by the Fund and recognize a tax liability (or asset) if the Fund has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Fund administrator has analyzed the tax positions taken by the Fund, and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Fund is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10—Related party transactions

The Fund pays all expenses related to operations and investment related activities to various service providers. These transactions are party in interest transactions under ERISA.

An investment in a limited partnership is managed by Blackstone Real Estate Special Situations Advisors LLC (BRESSA), a fiduciary for the plan, and, therefore, this investment transaction qualified as a party in interest transaction.

Certain members of the Trustees are also trustees of the HRA and USW 401(k).

Note 11—Commitments and contingencies

The Fund is periodically subject to legal actions which arise in the course of business. Fund management is unable to predict the ultimate outcome of current litigation outstanding but does not believe an ultimate liability with respect to current litigation will be material to the operating results or financial position of the Fund. As a result, no accrual for any liability is included in the financial statements.

| 2029 | 226,846,542 |
| 2030 | 226,434,585 |
| | |

(Schedule MB, Line 8b(1))

This assumes the following:

- No additional benefits will be accrued.
- Experience is in line with valuation assumptions.
- No new entrants are covered by the Plan.

Exhibit K: Statement of Actuarial Assumptions, Methods and Models

(Schedule MB, Line 6)

| 60 | 0.64 | 0.31 | 1.74 | 15 | 10 | |

¹ Mortality rates shown are for base table.

² Withdrawal rates are cut out at early retirement age.

The termination rates and disability rates were based on historical and current demographic data, estimated future experience and professional judgment. As part of the analysis, a comparison was made between the actual number of terminations and disability retirements by age and the projected number based on the prior year's assumption over recent years.

| Retirement Rates for | | Age | Annual Retirement Rates | |
|--|--|---|--|--|

| Delayed Retirement Factors | vested participants who a | | onth to not qualify for delayed retirement of benefits after attaining normal retirem | |

| Net Investment Return | 6.50% The net investment return assumption is a long-term estimate derived from historical data, current and recent market expectations, and professional judgment. As part of the analysis, a building block approach was used that reflects inflation expectations and anticipated risk premiums for each of the portfolio's asset classes well as the Plan's target asset allocation. |
|--|--|
| Annual Administrative Expenses | \$8,200,000 for the year beginning January 1, 2021 (equivalent to \$7,926,304 payable at the beginning of the year) The annual administrative expenses were based on historical and current data, estimated future experience and professional judgment. |
| Actuarial Value of Assets | The market value of assets less unrecognized returns in each of the last five years. Unrecognized return is equal to the difference between the actual market return and the projected market return, and is recognized over a five – year period. The actuarial value is further adjusted, if necessary, to be within 20% of the market value. |
| Actuarial Cost Method | Unit Credit Actuarial Cost Method. Normal Cost and Actuarial Accrued Liability are calculated on an individual basis and are allocated by service. |
| Benefits Valued | Unless otherwise indicated, includes all benefits summarized in Exhibit L. |
| Current Liability Assumptions | Interest: 2.43%, within the permissible range prescribed under IRC Section 431(c)(6)(E) Mortality: Mortality prescribed under IRS Regulations 1.431(c)(6)-1 and 1.430(h)(3)-1(a)(2): RP-2006 employee and annuitant mortality tables, projected forward generationally using scale MP-2019 (previously, the MP-2018 scale was used). |
| Estimated Rate of Investment Return | On actuarial value of assets (Schedule MB, line 6g): 9.3%, for the Plan Year ending December 31, 2020 On current (market) value of assets (Schedule MB, line 6h): 11.4%, for the Plan Year ending December 31, 2020 |
| FSA Contribution Timing (Schedule MB, line 3a) | Unless otherwise noted, contributions are paid periodically throughout the year pursuant to collective bargaining agreements. The interest credited in the FSA is therefore assumed to be equivalent to a July 15 contribution date. |
| Actuarial Models | Segal valuation results are based on proprietary actuarial modeling software. The actuarial valuation models generate a comprehensive set of liability and cost calculations that are prepared to meet regulatory, legislative and client requirements. Deterministic cost projections are based on a proprietary forecasting model. Our Actuarial Technology and Systems unit, comprised of both actuaries and programmers, is responsible for the initial development and maintenance of these models. The models have a modular structure that allows for a high degree of accuracy, flexibility and user control. The client team programs the assumptions and the plan provisions, validates the models, and reviews test lives and results, under the supervision of the responsible Enrolled Actuary. |
| | |

| Justification for Change in Actuarial | For purposes of determining current liability, the current liability interest rate was changed from 2.95% to 2.43% due to a change in the permissible range and recognizing that any rate within the permissible range satisfies the requirements |
|--|---|
| Assumptions | of IRC Section 431(c)(6)(E) and the mortality tables and mortality improvement scales were changed in accordance |
| (Schedule MB, line 11) | with IRS Regulations 1.431(c)(6)-1 and 1.430(h)(3)-1. |
| | Based on past experience and future expectations, the following actuarial assumptions were changed as of January 1, 2021: |
| | Annual administrative expenses, previously \$8,000,000. |

Exhibit L: Summary of Plan Provisions

(Schedule MB, Line 6)

This exhibit summarizes the major provisions of the Plan included in the valuation. It is not intended to be, nor should it be interpreted as, a complete statement of all plan provisions.

| Plan Year | January 1 through December 31 |
|---------------------|--|
| Pension Credit Year | January 1 through December 31 |
| Plan Status | Ongoing plan |
| Regular Pension | Age Requirement: 65 |
| | Service Requirement: 5 pension credits or years of vesting service |
| | • <i>Amount</i> : Accrual rates are based on contribution rates and differ by employer. Accrued benefits as of December 31, 2010 based on the accrual rate as of December 31, 2010. Effective January 1, 2011, future benefits earned will be based on the contribution rate(s) in effect for the plan year in which the benefit is accrued. |
| Early Retirement | Age Requirement: 55 |
| | • Service Requirement: 10 pension credits or years of vesting service for Programs A through F; 5 years for Program G |
| | • <i>Amount</i> : Regular pension accrued, reduced by 1/2 of 1% for each month the participant is younger than age 65. |
| Disability | Age Requirement: None |
| | Service Requirement: 10 pension credits for Programs A, B, C and G. 5 years of vesting service for Programs D, E and F |
| | • <i>Amount</i> : Regular pension accrued for Programs A through F. For Program G, early retirement amount plus 10%, not reduced below age 55 and not greater than the benefit payable at age 65. |
| /esting | Age Requirement: None |
| | Service Requirement: Five years of vesting service or pension credit. |
| | Amount: Regular pension accrued payable at Normal Retirement Age, or early retirement amount payable beginning a age 55, based on plan in effect when last active |
| | • Normal Retirement Age: 65, or if later, the participant's age on the fifth anniversary of date of participation |

| Spouse's Pre- Retirement Death Benefit | Age Requirement: None Service Requirement: Five years of Vesting Service or 6 years of Pension Credit. Amount: 50% of the benefit participant would have received had he or she retired the day before death and elected the joint and survivor option. Charge for Coverage: None | | | | |
|--|--|--|--|--|--|
| Post-Retirement Death Benefit | If married, pension benefits are paid in the form of a 50% Husband-and-Wife annuity unless this form is rejected by the participant and spouse. If not rejected, the benefit amount otherwise payable is reduced to reflect the 50% Husband and Wife coverage. If rejected, or if not married, benefits are payable for the life of the employee without reduction, or in any other available optional form elected by the employee in an actuarially equivalent amount. | | | | |
| Optional Forms of Benefits | 75% or 100% Husband and Wife option under Programs A through F. 50%, 75% or 100% Husband and Wife with popup option under Programs A through F 50%, 75% or 100% Joint and Survivor option under Programs A through F. 75% or 100% Joint and Survivor option for married participants under Program G. | | | | |
| Pension Credit | Less than 510 hours=0 year of pension credit $510 - 1,019$ hours= $\frac{1}{4}$ year of pension credit $1,020 - 1,529$ hours= $\frac{1}{2}$ year of pension credit $1,530 - 2,039$ hours= $\frac{3}{4}$ year of pension credit $2,040$ or more hours=1 year of pension credit | | | | |
| Vesting Credit One year of vesting service for each calendar year during the contribution period in which the employee we hours or more. | | | | | |
| Contribution Rate | Varies by employers. The average contribution rate as of January 1, 2021 is \$1.6825 per hour. | | | | |
| Changes in Plan Provisions | There were no changes in plan provisions reflected in this actuarial valuation. | | | | |

Exhibit V Solvency Projection

Actuarial Status Certification under IRC Section 432

Documentation Regarding Progress Under Rehabilitation Plan (Schedule MB, line 4c)

This certification notifies the IRS that the Plan is making the scheduled progress in meeting the requirements of its rehabilitation plan, based based on the annual standards of the rehabilitation plan.

The Rehabilitation Plan states that the Fund will make adequate progress, to the extent reasonable based on financial markets activity and other relevant factors, toward enabling the Fund to forestall insolvency past 2028. Currently, a projected insolvency during 2033 meets this standard.

Exhibit L: Summary of Plan Provisions

(Schedule MB, Line 6)

This exhibit summarizes the major provisions of the Plan included in the valuation. It is not intended to be, nor should it be interpreted as, a complete statement of all plan provisions.

March 31, 2021

Internal Revenue Service Employee Plans Compliance Unit Group 7602 (TEGE:EP:EPCU) 230 S. Dearborn Street Room 1700 - 17th Floor Chicago, IL 60604

To Whom It May Concern:

As required by ERISA Section 305 and the Internal Revenue Code (IRC) Section 432, we have completed the actuarial status certification as of January 1, 2021 for the following plan:

Name of Plan: PACE Industry Union-Management Pension Fund Plan number: EIN 11-6166763 / PN 001 Plan sponsor: Board of Trustees, PACE Industry Union-Management Pension Fund Address: 1101 Kermit Drive, Suite 800, Nashville, TN 37217 Phone number: 1.800.474.8673

As of January 1, 2021, the Plan is in critical and declining status. This certification also notifies the IRS that the Plan is making the scheduled progress in meeting the requirements of its rehabilitation plan, based on the annual standards of the rehabilitation plan.

If you have any questions on the attached certification, you may contact me at the following:

Segal 333 West 34th Street, 3rd Floor New York, NY 10001-2402 Phone number: 212.251.5000

Sincerely,

Susan I Boyl

Susan L. Boyle, ESA, FCA, MAAA Senior Vice President and Actuary Enrolled Actuary No. 20-06862

Actuarial status certification as of January 1, 2021 under IRC Section 432

March 31, 2021

Illustration Supporting Actuarial Certification of Status (Schedule MB, line 4b)

This is to certify that Segal has prepared an actuarial status certification under Internal Revenue Code Section 432 for the PACE Industry Union-Management Pension Fund as of January 1, 2021 in accordance with generally accepted actuarial principles and practices. It has been prepared at the request of the Board of Trustees to assist in administering the Fund and meeting filing and compliance requirements under federal law. This certification may not otherwise be copied or reproduced in any form without the consent of the Board of Trustees and may only be provided to other parties in its entirety.

The measurements shown in this actuarial certification may not be applicable for other purposes. Future actuarial measurements may differ significantly from the current measurements presented in this report due to such factors as the following: plan experience differing from that anticipated by the economic or demographic assumptions; changes in economic or demographic assumptions; increases or decreases expected as part of the natural operation of the methodology used for these measurements (such as the end of an amortization period or additional cost or contribution requirements based on the plan's funded status); differences in statutory interpretation and changes in plan provisions or applicable law.

This certification is based on the January 1, 2020 actuarial valuation, dated February 1, 2021. This certification reflects the changes in the law made by the Multiemployer Pension Reform Act of 2014 (MPRA). Additional assumptions required for the projections (including those under MPRA), and sources of financial information used are summarized in Exhibit VI.

Segal does not practice law and, therefore, cannot and does not provide legal advice. Any statutory interpretation on which this certification is based reflects Segal's understanding as an actuarial firm.

This certification was based on the assumption that the Plan was qualified as a multiemployer plan for the year.

I am a member of the American Academy of Actuaries and I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion herein. To the best of my knowledge, the information supplied in this actuarial certification is complete and accurate. As required by IRC Section 432(b)(3)(B)(iii), the projected industry activity is based on information provided by the plan sponsor. In addition, as allowed by IRC Section 432(b)(3)(B), in my opinion, the contributions used for Insolvency Projections are reasonable. In my opinion, the projections are based on reasonable actuarial estimates, assumptions and methods that (other than projected industry activity and contributions as otherwise specified) offer my best estimate of anticipated experience under the Plan.

Susan L. Boyle, FSA, FCA, MAAAEA#20-06862TitleSenior Vice President and Actuary

Actuarial Status Certification under IRC Section 432

Exhibit I

Status Determination as of January 1, 2021

| Status | Condition | Component Result | Final Result |
|---------------------|--|------------------|-----------------|
| ritical Status: | | | |
| I. Initial critical | status tests: | | |
| C1. A funding de | eficiency is projected in four years? | Yes | Yes |
| C2. (a) A fundin | g deficiency is projected in five years, | Yes | |
| | present value of vested benefits for non-actives is more than present value of veste for actives, | d Yes | |
| | e normal cost plus interest on unfunded actuarial accrued liability (unit credit basis) is than contributions for current year? | Yes | Yes |
| C3. (a) A fundin | g deficiency is projected in five years, | Yes | |
| (b) AND the | e funded percentage is less than 65%? | Yes | Yes |
| C4. (a) The fund | ded percentage is less than 65%, | Yes | |
| | e present value of assets plus contributions is less than the present value of benefit ts and administrative expenses over seven years? | No | No |
| | value of assets plus contributions is less than the present value of benefit payments ve expenses over five years? | and No | No |
| II. In Critical Sta | atus? (If any of C1-C5 is Yes, then Yes) | | Yes |
| VI. Determination | on of critical and declining status: | | |
| C6. (a) Any of (| C1) through (C5) are Yes? | Yes | Yes |
| (b) AND EII | THER Insolvency is projected within 15 years using assumptions described in Exhibit | VI.B? Yes | Yes |
| (c) OR | | | |
| (i) The r | ratio of inactives to actives is at least 2 to 1, | Yes | |
| (ii) AND | o insolvency is projected within 20 years using assumptions described in Exhibit VI.B | ? Yes | Yes |
| (d) OR | | | |
| (i) The f | funded percentage is less than 80%, | Yes | |
| (ii) AND | o insolvency is projected within 20 years using assumptions described in Exhibit VI.B | ? Yes | Yes |
| In Critical and [| Declining Status? | | Yes |

PACE Industry Union-Management Pension Fund, EIN 11-6166763 / PN 001

Actuarial Status Certification under IRC Section 432

Documentation Regarding Progress Under Rehabilitation Plan (Schedule MB, line 4c)

This certification notifies the IRS that the Plan is making the scheduled progress in meeting the requirements of its rehabilitation plan, based based on the annual standards of the rehabilitation plan.

The Rehabilitation Plan states that the Fund will make adequate progress, to the extent reasonable based on financial markets activity and other relevant factors, toward enabling the Fund to forestall insolvency past 2028. Currently, a projected insolvency during 2033 meets this standard.

Exhibit II Summary of Actuarial Valuation Projections

The actuarial factors as of January 1, 2021 (based on projections from the January 1, 2020 valuation certificate):

| ١. | Fir | ancial Information | | | |
|------|-----|--|--------------------------|-------------------------|-----------------|
| | 1. | . Market value of assets \$1,648,61 | | | |
| | 2. | 2. Actuarial value of assets 1,55 | | | |
| | 3. | 3. Reasonably anticipated contributions | | | |
| | | a. Upcoming year | 12,039,738 | | |

Exhibit VI

Actuarial Assumptions and Methodology

The actuarial assumptions and plan of benefits are as used in the January 1, 2020 actuarial valuation certificate, dated February 1, 2021, except as specifically described below. We also assumed that experience would emerge as projected, except as described below. The calculations are based on a current understanding of the requirements of ERISA Section 305 and IRC Section 432.

A. Actuarial Assumptions and Plan Provisions except as Modified by Section B

| Asset Information: | The financial information as of December 31, 2020 was based on an unaudited financial statement provided by the Fund Administrator. |
|---------------------------------|--|
| | For projections after that date, the assumed administrative expenses were increased by 2.5% per year and the benefit payments were projected based on the January 1, 2020 actuarial valuation. The projected net investment return was assumed to be 6.5% of the average market value of assets for the 2021 - 2030 Plan Years. Any resulting investment gains or losses due to the operation of the asset valuation method are amortized over 15 years in the Funding Standard Account. |
| Projected Industry Activity: | As required by Internal Revenue Code Section 432, assumptions with respect to projected industry activity are based on information provided by the plan sponsor. Based on this information, the number of active participants is assumed to decline based on known employer withdrawals and by 3% per year thereafter and, on the average, contributions will be made for each active for 2,200 hours each year. |
| | In addition to projections of industry activity directly linked to the level of ongoing employment, these determinations also project the following contribution amounts derived from withdrawal liability assessments, as shown in Exhibit V. |
| Future Normal Costs: | Based on the assumed industry activity and the unit credit cost method, we have assumed that the Normal Cost will increase by 0.2% per year due to projected mortality improvement. Total normal cost is also adjusted in accordance with the industry activity assumption. |

B. Assumptions for Insolvency Projections

Assumptions for this purpose are the same as shown in Section A with the following exceptions:

For projections after December 31, 2020, the projected net investment return was assumed to be 5.50% of the average market value of assets for 2021-2023, 5.75% for 2024-2028, and 6.00% for 2029-2033.

PACE INDUSTRY UNION-MANAGEMENT PENSION FUND

EIN 11-6166763, PLAN NO. 001 Schedule R, Summary of Rehabilitation Plan/Update of rehabilitation plan

Under the Employee Retirement Income Security Act ("ERISA") as amended by the Pension Protection Act of 2006 ("PPA"), on March 31, 2010, the actuary of the PACE Industry Union-Management Pension Fund ("Fund") certified the Fund to be in Critical Status for the Plan Year beginning January 1, 2010. As a result of this Critical Status certification the Fund's Board of Trustees adopted a Rehabilitation Plan on July 19, 2010, based on Fund information as of January 1, 2010 and on reasonable assumptions about how the Fund's assets and liabilities are expected to change in the coming years, particularly as a result of changes in the Fund's investment returns. The Fund's Rehabilitation Period is from January 1, 2013 through December 31, 2022. The Rehabilitation Plan has been updated annually and otherwise modified from time to time.

The Fund's Board of Trustees considered alternative contribution increases and benefit reductions for emerging from critical status by the end of the Rehabilitation Period. The Fund's actuary determined that based on the plan of benefits in effect on January 1, 2010, for the Fund to emerge from critical status by the end of the Rehabilitation Period, employer contribution rates would have to be increased by 24% annually for each of the ten years following 2010, ultimately increasing to a rate that is more than 859% of the current contribution rate. The Fund's actuary also reviewed several scenarios involving changes to the benefit plan and determined that even with a 50% reduction in future benefit accruals, ten annual increases in employer contribution rates of approximately 20% per year would be needed for the Fund to emerge from critical status by the end of the Rehabilitation Period.

The Trustees concluded, based in part on analysis by an independent economic consultant and previous experience with smaller contribution increases and benefit reductions that had been implemented by the Fund, that it was not reasonable to expect that the employers and Union would agree upon the contribution increases or benefit reductions needed to emerge from critical status or similar measures, and that the likely outcome of collectively bargaining over these types of alternatives would be negotiated withdrawals from the Fund.

After reviewing these possible scenarios the Trustees determined that, based on reasonable actuarial assumptions, and upon exhaustion of all reasonable measures, the Fund cannot reasonably be expected to emerge from critical status. Therefore, the Trustees adopted a Rehabilitation Plan described under Section 305(e)(3)(A)(ii) that consists of reasonable measures to forestall the date of the Fund's possible insolvency. Under the Rehabilitation Plan, contributions generally increase by 10% following the expiration of an employer's CBA that was in effect on the date the Rehabilitation Plan was provided to the bargaining parties and then increase again by an additional 5% effective January 1, 2016.

The Rehabilitation Plan includes the following benefit reductions:

- Elimination of Disability Pensions for Participants who have not received a Disability Award from the Social Security Administration;
- Elimination of Service Pensions;
- Elimination of Post-Retirement Payment Guarantees;
- Elimination of subsidized "Pop-Up" benefit;
- Elimination of pre-retirement death benefits for single Participants;
- Reduction of subsidized early retirement benefit;
- Future benefit accruals determined based on contribution rate in effect for year of accrual, rather than rate in effect on last day of participation;
- Increase in number of hours of service required to earn pension credit;
- Elimination of pension credit for periods of absence due to disability;
- Elimination of partial years of vesting service; and
- For purposes of calculating a participant's pension accrual in a given plan year, an increase in the number of hours of service that a participant must be credited with at a higher contribution rate in a plan year for that higher contribution rate to be treated as the participant's average hourly contribution rate.

Under the Rehabilitation Plan, in the event an Employer withdraws during a Plan Year when the Fund has an accumulated funding deficiency, as determined under Section 304 of ERISA, the Employer shall be responsible for its pro rata share of such deficiency in addition to any withdrawal liability determined under Section 4211 of ERISA. The pro rata share is determined by multiplying the accumulated funding deficiency and subsequent changes in that accumulated funding deficiency that arose in any Plan Year prior to the year in which the Employer withdraws, by the ratio of the withdrawn Employer's contributions made to the Fund to the total Employer contributions received by the Fund, in each applicable Plan Year prior to the Plan Year of withdrawal.

Under the Rehabilitation Plan, if a CBA providing for contributions to the Plan in accordance with the Rehabilitation Plan schedule expires while the Plan is still in critical status and the bargaining parties fail to adopt a contribution schedule with terms consistent with the updated Rehabilitation Plan and its schedules, then the contribution schedule under the expired CBA, as updated and in effect on the date the CBA expires, is implemented 180 days after the date on which the CBA expires.

The Rehabilitation Plan was most recently updated based on the January 1, 2021 valuation to provide that there is no change to the Rehabilitation Plan.
