EIN 11-6166763, PLAN NO. 001 Schedule R, Summary of Rehabilitation Plan/Update of rehabilitation plan

Under the Employee Retirement Income Security Act ("ERISA") as amended by the Pension Protection Act of 2006 ("PPA"), on March 31, 2010, the actuary of the PACE Industry Union-Management Pension Fund ("Fund") certified the Fund to be in Critical Status for the Plan Year beginning January 1, 2010. As a result of this Critical Status certification the Fund's Board of Trustees adopted a Rehabilitation Plan on July 19, 2010, based on Fund information as of January 1, 2010 and on reasonable assumptions about how the Fund's assets and liabilities are expected to change in the coming years, particularly as a result of changes in the Fund's investment returns. The Fund's Rehabilitation Period is from January 1, 2013 through December 31, 2022.

The Fund's Board of Trustees considered alternative contribution increases and benefit reductions for emerging from critical status by the end of the Rehabilitation Period. The Fund's actuary determined that based on the plan of benefits in effect on January 1, 2010, for the Fund to emerge from critical status by the end of the Rehabilitation Period, employer contribution rates would have to be increased by 24% annually for each of the ten years following 2010, ultimately increasing to a rate that is more than 859% of the current contribution rate. The Fund's actuary also reviewed several scenarios involving changes to the benefit plan and determined that even with a 50% reduction in future benefit accruals, ten annual increases in employer contribution rates of approximately 20% per year would be needed for the Fund to emerge from critical status by the end of the Rehabilitation Period.

The Trustees concluded, based in part on analysis by an independent economic consultant and previous experience with smaller contribution increases and benefit reductions that had been implemented by the Fund, that it was not reasonable to expect that the employers and Union would agree upon the contribution increases or benefit reductions needed to emerge from critical status or similar measures, and that the likely outcome of collectively bargaining over these types of alternatives would be negotiated withdrawals from the Fund. In the event of a mass withdrawal, and assuming all amounts assessed as mass withdrawal liability could be collected, the Fund's actuary determined that, based on all applicable assumptions, the Fund would not emerge from critical status and would become insolvent in the year 2026.

After reviewing these possible scenarios the Trustees determined that, based on reasonable actuarial assumptions, and upon exhaustion of all reasonable measures, the Fund cannot reasonably be expected to emerge from critical status. Therefore, the Trustees adopted a Rehabilitation Plan described under Section 305(e)(3)(A)(ii) that consists of reasonable measures to forestall the date of the Fund's possible insolvency. Under the Rehabilitation Plan, contributions generally increase by 10% following the expiration of an employer's CBA that was in effect on the date the Rehabilitation was provided to the bargaining parties and then increase again by an additional 5% effective January 1, 2016.

The Rehabilitation Plan includes the following benefit reductions:

- Elimination of Disability Pensions for Participants who have not received a Disability Award from the Social Security Administration;
- Elimination of Service Pensions;
- Elimination of Post-Retirement Payment Guarantees;
- Elimination of subsidized "Pop-Up" benefit;
- Elimination of pre-retirement death benefits for single Participants;
- Reduction of subsidized early retirement benefit;
- Future benefit accruals determined based on contribution rate in effect for year of accrual, rather than rate in effect on last day of participation;
- Increase in number of hours of service required to earn pension credit;
- Elimination of pension credit for periods of absence due to disability;
- Elimination of partial years of vesting service; and
- For purposes of calculating a participant's pension accrual in a given plan year, an increase in the number of hours of service that a participant must be credited with at a higher contribution rate in a plan year for that higher contribution rate to be treated as the participant's average hourly contribution rate.

The Trustees concluded that this Rehabilitation Plan is consistent with the requirements of Section 305(e)(3)(A)(ii) because it is more likely than other contribution rate and benefit reduction scenarios reviewed to forestall insolvency.

The Fund will make adequate progress, to the extent reasonable based on financial markets activity and other relevant factors, toward enabling the Fund to forestall insolvency past the projected insolvency date and in connection with this goal, the Fund's Board of Trustees will monitor the Fund's required contribution rate increases and benefits.

The most recent updates to the Rehabilitation Plan are as follows:

- On November 14, 2013, the Rehabilitation Plan was updated to provide that the projected insolvency date was April 2024 and to provide that, in the event an Employer withdraws during a Plan Year when the Fund has an accumulated funding deficiency, as determined under Section 304 of ERISA, the Employer shall be responsible for its pro rata share of such deficiency in addition to any withdrawal liability determined under Section 4211 of ERISA. The pro rata share is determined by multiplying the accumulated funding deficiency that arose in any Plan Year prior to the year in which the Employer withdraws, by the ratio of the withdrawn Employer's contributions made to the Fund to the total Employer contributions received by the Fund, in each applicable Plan Year prior to the Plan Year of withdrawal.
- On November 20, 2014, the Rehabilitation Plan was updated to provide that the projected insolvency date was January 2027.

• On April 30, 2015, the Rehabilitation Plan was updated to provide that, if a CBA providing for contributions to the Plan in accordance with the Rehabilitation Plan schedule expires while the Plan is still in critical status and the bargaining parties fail to adopt a contribution schedule with terms consistent with the updated Rehabilitation Plan and its schedules, then the contribution schedule under the expired CBA, as updated and in effect on the date the CBA expires, is implemented 180 days after the date on which the CBA expires.

Independent Auditor's Report

The Board of Trustees PACE Industry Union-Management Pension Fund:

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of PACE Industry Union-Management Pension Fund (the "Fund"), which comprise the consolidated statements of net assets available for benefits as of December 31, 2015 and 2014, the related consolidated statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Fund's preparation and fair presentation of the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, information regarding PACE Industry Union-Management Pension Fund's net assets available for benefits as of December 31, 2015, and changes therein for the year then ended and its financial status as of December 31, 2014, and changes therein for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters

As discussed in Note 3, the 2015 and 2014 consolidated financial statements include investments valued at \$340,457,559 (21.6 percent of net assets available for benefits) and \$339,187,714 (19.7 percent of net assets available for benefits), respectively, whose fair values have been measured by the Fund and its Investment Professionals in the absence of observable fair value inputs. The Fund's estimates are based on information provided by the Fund's Investment Professionals. Our opinion is not modified with respect to that matter.

As discussed in Note 5, the Fund's actuary certified that the Fund is in "critical status" as defined by the Pension Protection Act of 2006. Additionally, at January 1, 2015 and 2014, the Fund did not meet the minimum funding requirements of the Employee Retirement Income Security Act of 1974.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The supplemental schedules of Schedule H, line 4i – Schedule of Assets (Held at End of Year) and Schedule H, line 4j – Schedule of Reportable Transactions, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the consolidated financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Fund's management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

See accompanying notes to the consolidated financial statements.

Notes to the Consolidated Financial Statements

December 31, 2015 and 2014

(1) <u>Description of plan</u>

The following description of the PACE Industry Union-Management Pension Fund (the "Fund") provides only general information. Participants should refer to the Fund's plan of benefits (the "Plan") for a more complete description of the Plan's provisions.

(a) General description of Fund

The Fund consists of a multiemployer defined benefit program and the Fund's whollyowned subsidiaries. The Fund is administered by a joint Board of Trustees ("Trustees"), comprised of union trustees and employer trustees. The Fund is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The PACE Industry Union-Management Pension Fund Realty Corporation ("Realty") was formed on October 23, 1996 to hold title to real estate used in operations. Realty purchased a building for approximately 1,700,000 in November 1996 to house the Fund's employees and the combined operations of the Fund, the USW HRA Fund ("HRA"), and the USW Industry 401(k) Fund ("USW 401(k)"). Realty is a wholly owned subsidiary of the Fund, and its net assets and changes in net assets are included in the accompanying consolidated financial statements. All significant transactions between the Fund and Realty have been eliminated. Realty is exempt from federal income taxes under the provisions of Section 501(c)(2) of the Internal Revenue Code ("IRC").

(b) General description of Plan

The multiemployer defined benefit program was established in 1963. The Plan was restated in 2002, 2009 and 2015. The more significant provisions of the multiemployer defined benefit program are as follows:

- (i) Participating employers contribute amounts based upon the contribution rates that have been agreed to in their collective bargaining agreements with the sponsoring union and participation agreements with the Plan. The collective bargaining agreements require contributions to the Plan at fixed rates per hour. Such contributions are required to be remitted to the Plan monthly. No employee contributions are permitted.
- (ii) An employee who is engaged in covered employment, as defined, shall become a participant in the Plan on the earliest of January 1 or July 1 following completion of a 12 month period beginning on the employee's hire date (or in calendar years thereafter) during which the employee has at least 1,000 hours of service in covered employment and is age 21 or older. Program G (see below) requires completion of 150 hours in covered employment during a similar 12 month period for employees hired on or after January 1, 1994 (the requirement is 750 hours in covered employment during a similar 12 month period for employees hired on or before December 31, 1993).
- (iii) The Plan provides for several different types of pension and other forms of benefits. Participants' benefits are determined based on each participant's pension credits and benefit levels. The Plan is comprised of several programs that determine pension credit as follows:

Notes to the Consolidated Financial Statements

December 31, 2015 and 2014

(1) <u>Description of plan</u> (continued)

(b) <u>General description of Plan (continued)</u>

<u>Future Service Credit</u>: Future service credit is based on hours of service in covered employment and generally includes all hours in covered employment which are paid by an employer. Subject to certain limitations, hours may also be credited for certain non working periods.

Programs A, B, C, D, E & F: Participants receive one full year of future service credit for each calendar year in which they have at least 1,760 hours (effective January 1, 2011 this requirement increased to 2,040 hours for most participants) for which contributions are due from a contributing employer on their behalf. Participants may also receive a partial year of future service credit for calendar years in which they have less than 1,760 hours (effective January 1, 2011 this requirement increased to 2,040 hours (effective January 1, 2011 this requirement increased to 2,040 hours (effective January 1, 2011 this requirement increased to 2,040 hours (effective January 1, 2011 this requirement increased to 2,040 hours for most participants).

Program G: Participants receive one full year of future service credit for each calendar year in which they have at least 1,800 hours (effective January 1, 2011 this requirement increased to 2,040 hours) for which contributions are due on their behalf. Participants may also receive a partial year of future service credit for calendar years in which they have less than 1,800 hours (effective January 1, 2011 this requirement increased to 2,040 hours).

<u>Past Service Credit</u>: Past service credit is pension credit for work performed before an employer started contributing to the Plan.

Programs A, B, C, D, E & F: Participants qualify for past service credit if they satisfy certain requirements. Subject to several restrictions, including type of eligible employment, participants may receive one year of past service credit for each calendar year in which they worked at least 1,200 hours in creditable employment. A partial year of past service credit for the calendar year in which covered employment or creditable employment starts may also be received. Under Programs A, B and C, past service is available for both vesting and pension credit purposes. Under Programs D, E and F, on or after January 1, 1999, it is available only for vesting purposes.

Program G: Participants qualify for past service credit if they satisfy certain requirements. Subject to several restrictions, including type of eligible employment, participants may receive one year of past service credit for each calendar year in which they worked at least 150 days.

For employees of employers that begin participating in the Fund on or after January 1, 2006, past service credit is limited to time worked at the facility for which the employer makes contributions to the Fund, subject to limitations as determined by the Fund's actuary.

Participants are vested after earning five years of vesting credit.

Notes to the Consolidated Financial Statements

December 31, 2015 and 2014

(1) <u>Description of plan</u> (continued)

(c) <u>Amendments</u>

Certain provisions of the Plan have been amended by the Trustees. Participants should refer to the Summary Plan Description and Summaries of Material Modifications ("SMM") for the details of such amendments and their impact on the benefits provided under the Plan. The effects of the amendments adopted by the Trustees subsequent to January 1, 2015 have not been included in the actuarial studies disclosed in Note 5.

(d) Fund termination

It is the intent of the Trustees to continue the Fund in full force and effect. However, the Trustees have the right to discontinue or terminate the Plan in whole or in part. Termination shall not permit any part of the Fund's assets to be used for or diverted to purposes other than the exclusive benefit of the pensioners, beneficiaries and participants. In the event the Fund terminates, the net assets of the Fund will be allocated as prescribed by the Plan and ERISA.

In addition, certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. The PBGC does not guarantee all types of benefits and the amount of any individual participant's benefit protection is subject to certain limitations, particularly with respect to benefit increases as a result of plan amendments in effect for less than five years. Some benefits may be fully or partially provided for while other benefits may not be provided at all.

(2) <u>Summary of significant accounting policies</u>

(a) **Basis of accounting**

The accompanying consolidated financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

(b) <u>Investment valuation and income recognition</u>

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Quoted market prices as of the last day of the year, whenever available, are used to value investments. See Note 3 for a discussion of fair value measurements.

Mutual funds and collective trust funds are valued at the net asset value of shares held by the Fund at year end. Mutual funds are registered investment companies with quoted prices that are publically accessible.

Notes to the Consolidated Financial Statements

December 31, 2015 and 2014

(2) <u>Summary of significant accounting policies</u> (continued)

(b) <u>Investment valuation and income recognition</u> (continued)

The Fund's interests in the limited partnerships are valued at fair value as determined by the limited partnership custodian based on the beginning of year value of the Fund's interest plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses.

The Fund's purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Fund's gains and losses on investments in mutual funds and collective trust funds bought and sold, as well as, held during the year.

(c) <u>Employer contributions</u>

Employer contributions receivable are recorded as they become due. The carrying amounts of receivables are reduced by valuation allowances, if necessary, which reflect the Fund's best estimate of the amounts that will not be collected. Such allowances are estimated based on the Fund's knowledge of its participating employers. As discussed in Note 2(j), any withdrawal liabilities due to the Fund are recognized as income when received due to the uncertainties surrounding ultimate collection.

(d) **Building, furniture and equipment**

Building, furniture and equipment are stated at cost. Depreciation is provided over the assets' estimated useful lives using the straight line method. Expenditures for maintenance and repairs are expensed when incurred. Expenditures for renewals or betterments are capitalized. When assets are retired or sold, the cost and the related accumulated depreciation are removed from the accounts, and the resulting gain or loss is included in the consolidated statement of changes in net assets available for benefits.

(e) <u>Payment of benefits</u>

Benefits are recorded when paid.

(f) Accumulated plan benefits

Accumulated plan benefits for the multiemployer defined benefit program are those estimated future periodic payments, including lump sum distributions, under the Plan's provisions that are attributable to services rendered by the participants to the valuation date. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated vested participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries.

Benefits are based on the benefit level negotiated by participating employers in their participation agreements with the Fund. Benefits for retired or terminated participants or

Notes to the Consolidated Financial Statements

December 31, 2015 and 2014

(2) <u>Summary of significant accounting policies</u> (continued)

(f) <u>Accumulated plan benefits</u> (continued)

their beneficiaries are based on employees' benefit levels at the time of retirement or termination. The accumulated plan benefits for active participants are based on the benefit levels in effect on the date as of which the benefit information is presented. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to participant service rendered as of the valuation date.

The estimated actuarial present value of accumulated plan benefits is determined by the Fund's actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations are (a) life expectancy of participants was measured using the RP-2000 Combined Healthy Mortality Table and the RP-2000 Disabled Retiree Mortality Table projected to 2020 with scale AA, (b) retirement age assumptions (the assumed retirement age range was 55 to 70+), and (c) an investment return of 7.5%.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

(g) <u>Postretirement benefits other than pensions for Fund employees</u>

Employees of the Fund that were hired on or before December 31, 2010, who have rendered at least 5 years of service to the Fund and reached age 50 or are totally and permanently disabled are entitled to postretirement health and dental care. These benefits are subject to deductibles, copayment provisions and other limitations. The Fund reserves the right to change or terminate the benefits at any time. In addition to health and dental care, the Fund provides death benefits to the beneficiaries of such employees and certain qualified retirees of the Fund in an amount rounded up to the nearest thousand dollars, equal to the employee's annual salary at death or the retiree's salary at retirement.

Postretirement benefits, other than pensions, are accrued based on actuarially determined costs during an employee's period of service. The Fund recognizes actuarial gains and losses in the year incurred. The obligation for postretirement benefits is measured annually and changes in the obligation are included in the accompanying consolidated financial statements.

Notes to the Consolidated Financial Statements

December 31, 2015 and 2014

(2) <u>Summary of significant accounting policies</u> (continued)

(h) <u>Reimbursed expenses</u>

The Fund has entered into an agreement to provide management and other services for the operations of the HRA and the USW 401(k). As part of this agreement, the Fund charges HRA and USW 401(k) a monthly allocation of costs incurred on their behalf. The amount of costs allocated to the respective funds are based upon various factors such as specific identification of direct expenses, which include salaries and employee benefits, and appropriate allocations for other common administrative and occupancy expenses.

The Fund allocated \$179,280 and \$294,547 of expenses to the HRA during 2015 and 2014, respectively. The Fund allocated \$350,748 and \$470,917 of expenses to the USW 401(k) during 2015 and 2014, respectively. The Fund records the reimbursement of these allocated costs as a reduction to salaries and other employee benefits in the accompanying consolidated statements of changes in net assets available for benefits.

(i) <u>Use of estimates</u>

The preparation of the consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

(j) <u>Withdrawal liability</u>

The Fund complies with provisions of the Multiemployer Pension Plan Amendments Act of 1980 that require imposition of withdrawal liability on a contributing employer that partially or completely withdraws from the Fund. The Trustees adopted the attributable method for determining withdrawal liability. Payments of withdrawal liability by a participating employer are recognized as income when received due to uncertainty of receipt and inability to estimate the likelihood of receipt.

(k) Date of management's review

Subsequent events were evaluated through October 5, 2016, which was the date the consolidated financial statements were available to be issued.

(l) <u>Accounting changes</u>

The Fund has elected to early adopt Part II of Accounting Standard Update ("ASU") 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and

Notes to the Consolidated Financial Statements

December 31, 2015 and 2014

(2) <u>Summary of significant accounting policies</u> (continued)

(l) <u>Accounting changes</u> (continued)

plan investment disclosures, and provides for a measurement-date practical expedient. Part I and III have no impact on the Fund's consolidated financial statements. Part II is applied retrospectively as required by the ASU.

The retrospective adoption of Part II resulted in the removal of disclosures for individual investments that represent 5% or more of net assets available for benefits, the net appreciation or depreciation in fair value of investments by general type and the investment strategy for the Plan's investment measured at net asset value (NAV). Also, the level of disaggregation of investments that are measured at fair value has been simplified by disaggregating investments by general type versus disaggregating by nature, characteristics and risks, and the significant investment strategies of investments measured using net asset value per share practical expedient for the collective trust funds.

(3) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Fund has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to the Consolidated Financial Statements

December 31, 2015 and 2014

(3) Fair value measurements (continued)

Total assets at fair value

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds and collective trust funds: Valued at the net asset value of shares/units held by the Fund at year end.

Fund interests in LPs: Valued at fair value as determined by the limited partnership custodian based on the beginning of year value of the Fund's interest plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Fund believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Fund's assets at fair value at December 31, 2015 and 2014.

	Level 1		Level 2		Level 3		Total
Mutual funds Collective trust funds Fund interests in LPs	\$ 1,226,075,685 	\$	-	\$	- 337,905,756 <u>2,551,803</u>	\$	1,226,075,685 337,905,756 2,551,803

Notes to the Consolidated Financial Statements

December 31, 2015 and 2014

(3) <u>Fair value measurements</u> (continued)

Gains and losses (realized and unrealized) for collective trust funds are included in changes in net assets for the periods above and are reported in net appreciation (depreciation) in fair value of investments in the consolidated statements of changes in net assets available for benefits. Gains and losses (realized and unrealized) for interest in limited partnerships are included in changes in net assets for the periods above and are reported as fund interest in limited partnership increases in partners' capital resulting from operations in the consolidated statements of changes in net assets available for benefits.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The Fund's level 3 investments have been valued using the unadjusted net asset value of investments or its equivalent. No unobservable inputs internally developed by the Fund have been applied to these investments. Therefore, the table disclosing the valuation techniques used to measure the fair value of those investments and the significant unobservable inputs has been excluded.

The fair value of investments in level 3 is evaluated by the Fund's Investment Professionals and reviewed with the Trustees at least semi-annually. The Investment Professionals are evaluated based on their qualifications and reputations to ensure reliance on their valuation polices and techniques is appropriate.

The financial statements of all level 3 investments are prepared using the fair value method of accounting and are audited by independent, registered public accounting firms. Upon receipt of the audited financial statements, the fair values of the level 3 investments are compared to the fair values reported by the Fund.

Fair Value of Investments that Calculate Net Asset Value or its Equivalent

The following tables summarize investments measured at fair value based on net asset value ("NAV") per share or its equivalent as of December 31, 2015 and 2014, respectively.

		Unfunded	Redemption Frequency (if currently	Redemption Notice
December 31, 2015	Fair Value	Commitments	eligible)	Period

Hedge fund II (e)	\$105,629,434	None	See (e)	See (e)

(3) Fair value measurements (continued)

- (a) Structured credit fund The fund has a two year lockup on all subscriptions and has withdrawal provisions that apply to the Fund's investment. Such provisions generally limit the timing and amount of withdrawals that can be made by the Fund at certain specified time intervals (quarterly with 90 days pre-notification). The initial lock-up period expired in January 2015. There is a 10% holdback on total redemptions that is held in escrow until completion of the fund's audit.
- (b) *Real estate debt fund* The investment objective is to provide investors with attractive riskadjusted returns through various real estate market cycles by primarily investing, directly or indirectly, in public and/or private debt and, to a lesser extent, in non-controlling equity and other interests in or relating to real estate related equity investments. Except as provided in the fund's agreement, withdrawals may not be made until the fund has terminated, which is currently expected in 2016, but can be extended under the terms of the fund's agreement.
- (c) Hedge fund I The investment objective is to generally implement nontraditional or alternative investment strategies and invest, both long and short, principally in U.S. equities or equity like instruments. The fund invests primarily in offshore investment funds, investment partnerships and pooled investment vehicles. The fund has withdrawal provisions that apply to the Fund's investment. Such provisions generally limit the timing and amount of withdrawals that can be made by the Fund at certain specified time intervals. The Fund withdrew its interest in 2011. The remaining balance is in a liquidating reserve required under the fund's provisions.
- (d) Core property fund The fund has withdrawal provisions that apply to the Fund's investment. Such provisions generally limit the timing of withdrawals that can be made by the Fund at certain specified time intervals (quarterly with 65 days pre-notification). Redemptions can be gated up to 25% at the discretion of the fund's board. There is also a 10% holdback on total redemptions that is held in escrow until completion of the fund's audit.
- (e) Hedge fund II The fund has withdrawal provisions that apply to the Fund's investment. Such provisions require a 24 month lock-up period, and generally limit the timing of withdrawals that can be made by the Fund at certain specified time intervals (semiannually with 95 days pre-notification) after the lock-up period. The initial lock-up period expired in January 2015. Redemptions can be gated up to 20% by the hedge fund's board. There is also a 10% holdback on total redemptions that is held in escrow until completion of the fund's audit.

Notes to the Consolidated Financial Statements

December 31, 2015 and 2014

(4) **Building, furniture and equipment**

A summary of buildings, furniture and equipment owned by the Fund as of December 31, 2015 and 2014 is as follows:

		<u>2015</u>	<u>2014</u>
Building	\$	2,274,020	\$ 2,274,020
Vehicles		26,490	52,597
Furniture, fixtures and equipment		70,264	 25,589
		2,370,774	2,352,206
Accumulated depreciation and amortization		(2,129,187)	 (2,027,106)
	<u>\$</u>	241,587	\$ 325,100

The Fund recognized depreciation expense of \$128,188 and \$153,428 in 2015 and 2014, respectively, which is included in other general and administrative expenses.

(5) Accumulated plan benefits

A summary of accumulated plan benefit information obtained from actuarial studies as of January 1, 2015 and 2014 is as follows:

	<u>2015</u>	<u>2014</u>
Actuarial present value of accumulated plan benefits:		
Participants currently receiving payments	\$ 1,443,584,166	\$ 1,391,338,518
Other vested participants	1,052,397,072	1,073,854,582
	2,495,981,238	2,465,193,100
Actuarial present value of nonvested accrued benefits	22,807,334	27,650,508
Total actuarial present value of accumulated plan benefits	<u>\$ 2,518,788,572</u>	<u>\$ 2,492,843,608</u>

The changes in the actuarial present value of accumulated plan benefits obtained from actuarial studies as of January 1, 2015 and 2014, respectively, are as follows:

	<u>2015</u>	<u>2014</u>
Accumulated plan benefits at beginning of year	<u>\$ 2,492,843,608</u>	<u>\$ 2,465,962,877</u>
Benefits paid	(178,027,390)	(173,684,504)
Interest	179,730,908	177,891,283
Benefits accumulated and other	24,241,446	22,673,952
Net increase	25,944,964	26,880,731
Accumulated plan benefits at end of year	<u>\$ 2,518,788,572</u>	<u>\$ 2,492,843,608</u>

Notes to the Consolidated Financial Statements

December 31, 2015 and 2014

(5) <u>Accumulated plan benefits</u> (continued)

As of January 1, 2015 and 2014, the Fund's actuarially determined Minimum Funding Standard Account did not meet the minimum funding requirements of ERISA.

The Fund's actuary certified that, for the plan years beginning January 1, 2016 and January 1, 2015, the Fund is in "critical status," as defined in the Pension Protection Act of 2006 ("PPA"). As required by the PPA, the Fund has notified all affected parties, including plan participants, that the Fund is in critical status.

The PPA requires that pension plans in critical status adopt a rehabilitation plan aimed at improving the Fund's funded status. The Fund's Board of Trustees adopted a rehabilitation plan on July 19, 2010 that calls for contribution rate increases, reductions in future benefit accruals, and the reduction or elimination of specified benefits. A copy of the rehabilitation plan was sent to the contributing employers and unions representing plan participants. The Trustees have updated the rehabilitation plan in accordance with applicable law.

(6) **Postretirement benefits other than pensions**

Medical and life insurance benefits for certain employees of the Fund are provided by the Fund through a plan that the Fund participates in. The plan is funded as obligations become due and therefore, has no assets. A summary of the Fund's postretirement benefit obligations included in the accompanying consolidated financial statements as of December 31, 2015 and 2014 is as follows:

		<u>2015</u>		<u>2014</u>
Change in benefit obligation:				
Benefit obligation at beginning of year	\$	13,567,895	\$	11,632,398
Service cost		351,624		314,970
Interest cost		539,330		513,968
Actuarial (gain) loss		(840,667)		1,359,142
Benefits paid		<u>(286,799</u>)		(252,583)
Benefit obligation at end of year	<u>\$</u>	13,331,383	<u>\$</u>	13,567,895
Change in plan assets:				
Employer contributions	\$	286,799	\$	252,583
Benefits paid		<u>(286,799</u>)		(252,583)
Fair value of plan assets and end of year	<u>\$</u>		<u>\$</u>	
Funded status at end of year	<u>\$</u>	<u>(13,331,383</u>)	\$	<u>(13,567,895</u>)

Notes to the Consolidated Financial Statements

December 31, 2015 and 2014

(6) <u>Postretirement benefits other than pensions</u> (continued)

A summary of net periodic benefit cost related to postretirement benefits for 2015 and 2014 is as follows:

		<u>2015</u>	<u>2014</u>
Service cost	\$	351,624	\$ 314,970
Interest cost		539,330	513,968
Amortization of prior service credit		(21,017)	(21,017)
Amortization of actuarial loss		285,605	 83,252
Net periodic benefit cost	<u>\$</u>	1,155,542	\$ <u>891,173</u>

Assumptions used in determining the postretirement benefit obligation are as follows:

	<u>2015</u>	<u>2014</u>
Discount rate	4.35%	3.95%
Rate of compensation increase	2.25%	2.25%

Assumptions used in determining the periodic benefit cost are as follows:

	<u>2015</u>	<u>2014</u>
Discount rate	3.95%	4.94%
Expected return on plan assets	N/A	N/A
Rate of compensation increase	2.25%	2.25%

The approximate future benefit payments, which reflect expected future service, are as follows:

	Benefit Payments		
2016	\$ 311,176		
2017	352,328		
2018	387,278		
2019	420,999		
2020	454,231		
2021 through 2025	2,689,137		
Total	<u>\$ 4,615,149</u>		

The disclosures above were determined through actuarial valuation. For measurement purposes at December 31, 2015, various health care cost trend rates were used to calculate the anticipated increase in per capita costs of medical, prescription drug and dental benefits. Rates ranging from 8% to 5% were assumed in 2015, and such rates were assumed to decrease in various increments annually until reaching an ultimate level of 5% in 2022.

Notes to the Consolidated Financial Statements

December 31, 2015 and 2014

(6) <u>Postretirement benefits other than pensions</u> (continued)

The health care cost trend rate assumption has a significant effect on the amounts reported. Increasing the assumed health care cost trend by one percentage point in each year would increase the accrued postretirement benefit obligation by \$672,804 and \$676,173 at December 31, 2015 and 2014, respectively, and would increase the net periodic postretirement benefit cost by \$60,498 in 2015 and \$47,424 in 2014.

(7) <u>Multiemployer retirement plan</u>

Certain employees of the Fund are covered by a multiemployer pension plan ("MEPP"). The MEPP provides retirement benefits to the covered employees in accordance with a collective bargaining agreement. The collective bargaining agreement covers approximately 68% of the Fund's employees and expires December 31, 2019. As one of many participating employers in the MEPP, the Fund is generally responsible with the other participating employers for any plan underfunding. The Fund made contributions of \$103,311 and \$91,789 during December 31, 2015 and 2014, respectively to the MEPP for covered employees.

The Fund could be obligated to make future payments to the MEPP if the MEPP adopts a funding improvement plan or rehabilitation plan to improve its funding status as required under the PPA. As of December 31, 2015, the MEPP's actuary certified that the plan was neither in endangered nor critical status. Therefore, the MEPP is not currently required to adopt a funding improvement plan or rehabilitation plan.

The Fund could also be obligated to make future payments to the MEPP if the Fund ceases to have an obligation to contribute to the plan or significantly reduces its contributions to the plan because of a reduced number of employees covered by the plan (known as complete or partial withdrawal liability). In the event of complete or partial withdrawal from the MEPP, the amount of additional payments generally would equal the Fund's proportionate share of the MEPP's unfunded vested benefits. The Fund is aware that the MEPP had unfunded vested benefits at December 31, 2015. However, due to uncertainty regarding future factors that could trigger withdrawal liability, as well as the absence of specific information regarding matters such as the MEPP's current financial situation, delays in reporting, the potential withdrawal or bankruptcy of other contributing employers, and the impact of future plan performance, the Fund is unable to determine with any certainty the amount and timing of any potential, future withdrawal liability or changes in future funding obligations.

(8) <u>Risks and uncertainties</u>

The Fund utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the consolidated statements of net assets available for plan benefits.

Notes to the Consolidated Financial Statements

December 31, 2015 and 2014

(8) <u>Risks and uncertainties</u> (continued)

The Fund's credit risks primarily relate to mutual funds and collective trust funds. The market values of these assets will fluctuate considerably based on investors' determinations of the performance of the underlying investments and interest rate changes. The risk of loss would increase due to poor performances by the financial markets or underlying investments and due to failures by financial institutions in which funds are held or invested.

Certain investments held by the Fund have exposure to investments in non-U.S. (foreign) assets. Such investments are subject to concentration risks by holding positions in issuers located in a particular geographic area or issuers engaged in a particular industry. Other risks may involve adverse political and economic developments, including expropriation and the possible imposition of capital controls or other foreign governmental laws or restrictions. In addition, the underlying securities in some foreign companies and securities markets are less liquid and at times may be more volatile than securities of comparable U.S. companies and U.S. securities markets.

At various times during the year, the Fund has cash deposits at banks in excess of the federally insured limit. The Fund has not experienced any losses in such accounts, and the Trustees believe the Fund is not exposed to any significant credit risk in this regard.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, healthcare inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the consolidated financial statements.

(9) <u>Income tax status</u>

The Fund obtained a favorable determination letter on April 20, 2004, in which the Internal Revenue Service ("IRS") stated that the Fund was in compliance with the applicable requirements of the IRC. The Fund is required to operate in conformity with the IRC to maintain its qualification. The Fund has been amended subsequent to the form submitted to the IRS for which favorable determination was received. However, the Trustees believe that the Fund is designed and is currently being operated in compliance with the applicable provisions of the IRC.

On September 27, 2016, the Fund entered into a closing agreement with the IRS under which the IRS will treat the Fund as a qualified plan through 2015. The closing agreement resolves all outstanding audit issues from the 2011 Form 5500 IRS audit that was open at December 31, 2015.

Notes to the Consolidated Financial Statements

December 31, 2015 and 2014

(10) <u>Related party transactions</u>

The Fund pays all expenses related to operations and investment related activities to various service providers. These transactions are party in interest transactions under ERISA.

Investments in mutual funds and collective trust funds are managed by SEI Investments Management Corporation ("SEI"), a fiduciary for the plan, and, therefore, these investment transactions qualified as party in interest transactions. Direct payments for fees incurred by the Fund for SEI's services totaled \$4,232,790 in 2015 and \$3,033,684 in 2014. Certain fees incurred for investment management services provided by SEI are included in the net depreciation/appreciation in fair value of investments, as they are paid through revenue sharing, rather than direct payments. At December 31, 2015 and 2014, accrued expenses include \$902,914 and \$789,061, respectively, payable to SEI.

An investment in a limited partnership is managed by Blackstone Real Estate Special Situations Advisors LLC ("BRESSA"), a fiduciary for the plan, and, therefore, this investment transaction qualified as a party in interest transaction. During 2015 and 2014, the Fund incurred fees for BRESSA's services totaling \$69,288 and \$198,917, respectively.

In 2015 and 2014, certain investments in limited partnerships were managed by Grosvenor Capital Management, L.P. ("GCM"), a fiduciary for the plan, and, therefore, these investment transactions qualified as party in interest transactions. GCM received its payments directly from each limited partnership. Such fees are included in the fund interest in limited partnerships – increase in partners' capital resulting from operations in the consolidated statements of changes in net assets available for benefits.

Certain members of the Trustees are also trustees of the HRA and USW 401(k).

(11) <u>Reconciliation to the Form 5500</u>

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2015 and 2014:

	<u>2015</u>	<u>2014</u>
Net assets available for benefits per the financial statements	\$ 1,573,932,761	\$ 1,723,467,725
Cost to fair market value adjustment for building used in Fund operations	1,748,783	1,503,789
Net assets available for benefits per Form 5500	<u>\$ 1,575,681,544</u>	<u>\$ 1,724,971,514</u>

Notes to the Consolidated Financial Statements

December 31, 2015 and 2014

(11) <u>Reconciliation to the Form 5500</u> (continued)

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2015 and 2014:

		<u>2015</u>		<u>2014</u>
Change in net assets available for benefits per financial statements	\$	(149,534,964)	\$	12,563,456
Cost to fair market value adjustment for building used in Fund operations		244,994		85,000
Change in net assets available for benefits per Form 5500	<u>\$</u>	<u>(149,289,970)</u>	<u>\$</u>	12,648,456

EXHIBIT 7 - STATEMENT OF ACTUARIAL ASSUMPTIONS/METHODS (SCHEDULE MB, LINE 6)

Mortality RatesHealthy:RP-2000 Combined Healthy Mortality TableDisabled:RP-2000 Disabled Retiree Mortality Table Projected to 2020 with Scale AAThe underlying tables reasonably reflect the mortality experience of the Plan as of the measurement date.The tables contain approximately a margin of 5% (actual deaths compared to expected deaths) as a provision for future
mortality improvement.The mortality rates were based on historical and current demographic data, estimated future experience and
professional judgment. As part of the analysis, a comparison was made between the actual number of deaths and the
projected number based on the prior years' assumption over recent years.

Termination Rates before Retirement

	Rate (%)						
	Morta	lity*					
Age	Male	Female	Disability	Withdrawal**			
20	0.03	0.02	0.05	17.94			
25	0.04	0.02	0.05	17.22			
30	0.04	0.03	0.05	15.83			
35	0.08	0.05	0.06	13.70			
40	0.11	0.07	0.09	11.25			
45	0.15	0.11	0.18	8.43			
50	0.21	0.17	0.40	5.06			
55	0.36	0.27	0.85	1.73			
60	0.67	0.51	1.74	0.16			

* Withdrawal rates are cut out at early retirement age and rates are adjusted by 150% for ages younger than 25.

The termination rates and disability rates were based on historical and current demographic data, estimated future experience and professional judgment. As part of the analysis, a comparison was made between the actual number of terminations and disability retirements by age and the projected number based on the prior years' assumption over recent years.

Retirement Rates

Age	Annual Retirement Rates
55 – 59	2%
60	10%
61	5%
62	35%
63 – 64	25%
65	40%
66 – 69	30%
70 or older	100%

The retirement rates were based on historical and current demographic data, estimated future experience and professional judgment. As part of the analysis, a comparison was made between the actual number of retirements by age and the projected number based on the prior years' assumption over recent years.

Description of Weighted Average Retirement Age	Age 63, determined as follows: The weighted average retirement age for each participant is calculated as the sum of the product of each potential current or future retirement age times the probability of surviving from current age to that age and then retiring at that age, assuming no other decrements. The overall weighted retirement age is the average of the individual retirement ages based on all the active participants included in the January 1, 2015 actuarial valuation.
Retirement Age for	65
Inactive Vested Participants	The retirement age for inactive vested participants was based on historical and current demographic data, estimated future experience and professional judgment. As part of the analysis, a comparison was made between the actual number of retirements by age and the projected number based on the prior years' assumption over recent years.
Future Benefit	One pension credit per year.
Accruals	The future benefit accruals were based on historical and current demographic data, estimated future experience and professional judgment. As part of the analysis, a comparison was made between the assumed and actual benefit accruals over recent years.

Unknown Data for Participants	Same as those exhibited by participants with similar known characteristics. If not specified, participants are assumed to be male
Definition of Active Participants	Active participants are defined as those with at least 510 hours in the most recent plan year and who have accumulated at least one pension credit, excluding those who have retired as of the valuation date.
Percent Married	75% of male participants and 50% of female participants are assumed married
Age of Spouse	Females three years younger than male spouses.
Benefit Election	All participants are assumed to elect the single life annuity form of payment.
	The benefit elections were based on historical and current demographic data, adjusted to reflect the plan design, estimated future experience and professional judgment. As part of the analysis, a comparison was made between the assumed and the actual option election patterns over recent years.
Eligibility for Delayed Retirement Factors	Inactive vested participants after attaining age 65, with increases up to age 70.
Net Investment Return	7.50%
	The net investment return assumption is a long-term estimate derived from historical data, current and recent market expectations, and professional judgment. As part of the analysis, a building block approach was used that reflects inflation expectations and anticipated risk premiums for each of the portfolio's asset classes as provided by Segal Rogerscasey as well as the Plan's target asset allocation.
Annual Administrative Expenses	\$8,000,000, payable monthly, for the year beginning January 1, 2015 (equivalent to \$7,694,334 payable at the beginning of the year)
	The annual administrative expenses were based on historical and current data, adjusted to reflect the budget for the upcoming year and estimated future experience and professional judgment.
Actuarial Value of Assets	The market value of assets less unrecognized returns in each of the last five years. Unrecognized return is equal to the difference between the actual market return and the projected market return, and is recognized over a five – year period. The actuarial value is further adjusted, if necessary, to be within 20% of the market value.
Actuarial Cost Method	Unit Credit Actuarial Cost Method. Normal Cost and Actuarial Accrued Liability are calculated on an individual basis and are allocated by service.
Benefits Valued	Unless otherwise indicated, includes all benefits summarized in Exhibit 8.
Current Liability	Interest: 3.51%, within the permissible range prescribed under IRC Section 431(c)(6)(E)
Assumptions	Mortality: Mortality prescribed under IRS Regulations 1.431(c)(6)-1 and 1.430(h)(3)-1: RP-2000 tables projected forward to the valuation year plus seven years for annuitants and 15 years for nonannuitants

Justification for Change in Actuarial Assumptions (Schedule MB, line 11)	For purposes of determining current liability, the current liability interest rate was changed from 3.64% to 3.51% due to a change in the permissible range and recognizing that any rate within the permissible range satisfies the requirements of IRC Section 413(c)(6)(E) and the mortality tables were changed in accordance with IRS Regulations 1.431(c)(6)-1 and 1.430(h)(3)-1.
	Based on past experience and future expectations, the annual administrative expense assumption was changed from \$6,000,000, payable monthly as of January 1, 2015.
Estimated Rate of	On actuarial value of assets (Schedule MB, line 6g): 10.1%, for the Plan Year ending December 31, 2014
Investment Return	On current (market) value of assets (Schedule MB, line 6h): 6.4%, for the Plan Year ending December 31, 2014
FSA Contribution Timing (Schedule MB, line 3a)	Unless otherwise noted, contributions are paid periodically throughout the year pursuant to collective bargaining agreements. The interest credited in the FSA is therefore assumed to be equivalent to a July 15 contribution date.

Illustration Supporting Actuarial Certification of Status (Schedule MB, line4a) ACTUARIAL STATUS CERTIFICATION AS OF JANUARY 1, 2015 UNDER IRC SECTION 432

This is to certify that Segal Consulting, a Member of The Segal Group, Inc. ("Segal") has prepared an actuarial status certification under Internal Revenue Code Section 432 for the PACE Industry Union-Management Pension Fund as of January 1, 2015 in accordance with generally accepted actuarial principles and practices. It has been prepared at the request of the Board of Trustees to assist in administering the Fund and meeting filing and compliance requirements under federal law. This certification may not otherwise be copied or reproduced in any form without the consent of the Board of Trustees and may only be provided to other parties in its entirety.

The measurements shown in this actuarial certification may not be applicable for other purposes. Future actuarial measurements may differ significantly from the current measurements presented in this report due to such factors as the following: plan experience differing from that anticipated by the economic or demographic assumptions; changes in economic or demographic assumptions; increases or decreases expected as part of the natural operation of the methodology used for these measurements (such as the end of an amortization period or additional cost or contribution requirements based on the plan's funded status); differences in statutory interpretation and changes in plan provisions or applicable law.

This certification is based on the January 1, 2014 actuarial valuation, dated November 4, 2014. This certification reflects the changes in the law made by the Multiemployer Pension Reform Act of 2014 (MEPRA). Additional assumptions required for the projections (including those under MEPRA), and sources of financial information used are summarized in Exhibit VI.

Segal Consulting does not practice law and, therefore, cannot and does not provide legal advice. Any statutory interpretations on which this certification is based reflect Segal's understanding as an actuarial firm.

This certification was based on the assumption that the Plan was qualified as a multiemployer plan for the year.

I am a member of the American Academy of Actuaries and I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion herein. To the best of my knowledge, the information supplied in this actuarial certification is complete and accurate. As required by IRC Section 432(b)(3)(B)(iii), the projected industry activity is based on information provided by the plan sponsor. In my opinion, the projections are based on reasonable actuarial estimates, assumptions and methods that (other than projected industry activity) offer my best estimate of anticipated experience under the Plan.

Virginia M. McGinley, FCA, MAAA Senior Vice President and Actuary Enrolled Actuary No: 14-03985

C1. A fu	nding deficiency is projected in four years?	Yes	Yes
C2. (a)	A funding deficiency is projected in five years,	Yes	
(b)	AND the present value of vested benefits for non-actives is more than the present value of vested benefits for actives,	Yes	
(c)	AND the normal cost plus interest on the unfunded actuarial accrued liability (unit credit basis) is greater than the contributions for the current year?	Yes	Yes
C3. (a)	A funding deficiency is projected in five years,	Yes	
(b)	AND the funded percentage is less than 65%?	Yes	Yes
C4. (a)	The funded percentage is less than 65%,	Yes	
(b)	AND the present value of assets plus contributions is less than the present value of benefit payments and administrative expenses over seven years?	No	No
	present value of assets plus contributions is less than the present value of benefit payments and administrative expenses five years?	No	No
In Critic	al Status?		Yes
	nation of critical and declining status: Is in critical status because one of tests C1-C5 is YES,	Yes	
(b)	AND insolvency is projected with 15 years?	No	No
C7. (a)	Is in critical status because one of tests C1-C5 is YES,	Yes	
(b)	AND the ratio of inactives to actives is at least 2 to 1,	Yes	
(c)	AND insolvency is projected within 20 years using assumptions described in Exhibit VI.?	Yes	Yes
C8. (a)	Is in critical status because one of tests C1-C5 is YES,	Yes	
(b)	AND the funded percentage is less than 80%,	Yes	
(c)	AND insolvency is projected within 20 years using assumptions described in Exhibit VI.?	Yes	Yes
In Critic	al and Declining Status?		Yes

Status	Condition	Test Component Result	Final Result
dangered Status:			
E1. (a) Is not in critical status,		No	
(b) AND the funded percentage is le	ss than 80%?	Yes	No
E2. (a) Is not in critical status,		No	
(b) AND a funding deficiency is pro-	jected in seven years?	Yes	No
In Endangered Status?			No
In Seriously Endangered Status? (Yes w	hen BOTH (E1) and (E2) are Yes, unless (E3) is also Yes)		No

Documentation Regarding Progress Under Rehabilitation Plan (Schedule MB, line 4c)

This certification notifies the IRS that the plan is making the scheduled progress in meeting the requirements of its rehabilitation plan, based on the annual standards of the rehabilitation plan.

The Rehabilitation Plan states that the Fund will make adequate progress, to the extent reasonable based on financial markets activity and other relevant factors, toward enabling the Fund to forestall insolvency past 2024. Currently, a projected insolvency during 2031 meets this standard.

EIN 11-6166763/PN 001

EIN 11-6166763/PN 001

EXHIBIT VI Actuarial Assumptions and Methodology

The actuarial assumptions and plan of benefits are as used in the January 1, 2014 actuarial valuation certificate, dated November 4, 2014, except as specifically described below. We also assumed that experience would emerge as projected, except as described below. The calculations are based on a current understanding of the requirements of ERISA Section 305 and IRC Section 432.

Asset Information:	The financial information as of December 31, 2014 was based on an unaudited financial statement provided by the Fund Administrator.
	For projections after that date, the administrative expenses were assumed to be \$6,800,000 for the 2015 Plan Year increasing by 3% per year and the benefit payments were projected based on the January 1, 2014 actuarial valuation. The projected net investment return was assumed to be 7.5% of the average market value of assets for the 2015 - 2037 Plan Years. Any resulting investment gains or losses due to the operation of the asset valuation method are amortized over 15 years in the Funding Standard Account.
Projected Industry Activity:	As required by Internal Revenue Code Section 432, assumptions with respect to projected industry activity are based on information provided by the plan sponsor. Based on this information, the number of active participants is adjusted for known withdrawn employers through 2014 and assumed to decline by 4% each year thereafter and, on the average, contributions will be made for each active for 2,200 hours each year.

EIN 11-6166763/PN 001

In addition to projections of industry activity directly linked to the level of ongoing employment, these determinations also project the following contribution amounts derived from withdrawal liability assessments, based on information from the Trustees:

Plan year ending December 31	Amount
2015	\$18,224,619
2016	17,694,944
2017	16,522,337
2018	16,487,123
2019	16,326,925
2020	16,326,925
2021	16,304,088
2022	16,099,591
2023	14,155,337
2024	11,871,117
2025	11,287,910
2026	10,346,309
2027	10,326,722
2028	10,318,905
2029	9,856,328
2030	9,273,421
2031	8,429,467
2032	7,433,050
2033	6,876,057
2034	2,087,108

Future Normal Cost:	Based on the assumed industry activity and the unit credit cost method, we have assumed an increase of 1.8% per year due to an aging population. Total normal cost is also adjusted in accordance with the industry activity assumption.
Assumption Change:	For this certification, the annual administrative expense assumption was increased from \$6,000,000 to \$6,800,000 effective January 1, 2015.

Justification for Change in Actuarial Assumptions (Schedule MB, line 11)	For purposes of determining current liability, the current liability interest rate was changed from 3.64% to 3.51% due to a change in the permissible range and recognizing that any rate within the permissible range satisfies the requirements of IRC Section 413(c)(6)(E) and the mortality tables were changed in accordance with IRS Regulations 1.431(c)(6)-1 and 1.430(h)(3)-1.
	Based on past experience and future expectations, the annual administrative expense assumption was changed from \$6,000,000, payable monthly as of January 1, 2015.
Estimated Rate of	On actuarial value of assets (Schedule MB, line 6g): 10.1%, for the Plan Year ending December 31, 2014
Investment Return	On current (market) value of assets (Schedule MB, line 6h): 6.4%, for the Plan Year ending December 31, 2014
FSA Contribution Timing (Schedule MB, line 3a)	Unless otherwise noted, contributions are paid periodically throughout the year pursuant to collective bargaining agreements. The interest credited in the FSA is therefore assumed to be equivalent to a July 15 contribution date.

EXHIBIT 8 - SUMMARY OF PLAN PROVISIONS (SCHEDULE MB, LINE 6)

This exhibit summarizes the major provisions of the Plan included in the valuation. It is not intended to be, nor should it be interpreted as, a complete statement of all plan provisions.

Plan Year	January 1 through December 31	
Pension Credit Year	January 1 through December 31	
Plan Status	Ongoing plan	
Regular Pension	Age Requirement: 65	
	Service Requirement: 5 pension credits or years of vesting service	
	 Amount: Accrual rates are based on contribution rates and differ by employer. Accrued benefits as of December 31, 2010 based on the accrual rate as of December 31, 2010. Effective January 1, 2011, future benefits earned will be based on the contribution rate(s) in effect for the plan year in which the benefit is accrued. 	
Early Retirement	Age Requirement: 55	
	• Service Requirement: 10 pension credits or years of vesting service for Programs A through F; 5 years for Program G	
	• Amount: Regular pension accrued, reduced by 1/2 of 1% for each month the participant is younger than age 65	
Disability	Age Requirement: None	
	 Service Requirement: 10 pension credits for Programs A, B, C and G. 5 years of vesting service for Programs D, E and F 	
	 Amount: Regular pension accrued for Programs A through F. For Program G, early retirement amount plus 10%, not reduced below age 55 and not greater than the benefit payable at age 65. 	
Vesting	Age Requirement: None	
	Service Requirement: Five years of vesting service or pension credit.	
	 Amount: Regular pension accrued payable at Normal Retirement Age, or early retirement amount payable beginning at age 55, based on plan in effect when last active 	
	• Normal Retirement Age: 65, or if later, the participant's age on the fifth anniversary of date of participation	

Spouse's Pre- Retirement Death Benefit	Age Requirement: None	
	Service Requirement: Vested status	
	 Amount: 50% of the benefit participant would have received had he or she retired the day before death and elected the husband and wife option. If the employee was active at the time of death and under age 55, the early retirement factor is determined as if the employee were age 55. Under Program G, the surviving spouse will not receive a pension until the earliest date the deceased participant could have retired. 	
	Charge for Coverage: None	
Optional Forms of Benefits	75% or 100% Husband and Wife option under Programs A through F.	
	50%, 75% or 100% Husband and Wife with popup option under Programs A through F	
	50%, 75% or 100% Joint and Survivor option under Programs A through F.	
	75% or 100% Joint and Survivor option for married participants under Program G.	
Participation	Earliest January 1st or July 1st after completion of 12 consecutive months during which the employee worked 1,000 hours (150 hours for participation in Program G) in covered employment.	
Pension Credit	Less than 510 hours = 0 year of pension credit	
	510 – 1,019 hours = ¼ year of pension credit	
	$1,020 - 1,529$ hours = $\frac{1}{2}$ year of pension credit	
	$1,530 - 2,039$ hours = $\frac{3}{4}$ year of pension credit	
	2,040 or more hours = 1 year of pension credit	
Vesting Credit	One year of vesting service for each calendar year during the contribution period in which the employee works 1000 hours or more.	
Contribution Rate	The average contribution rate as of January 1, 2015 is \$1.5116 per hour.	
Changes in Plan Provisions	There were no changes in plan provisions reflected in this actuarial valuation

Documentation Regarding Progress Under Rehabilitation Plan (Schedule MB, line 4c)

This certification notifies the IRS that the plan is making the scheduled progress in meeting the requirements of its rehabilitation plan, based on the annual standards of the rehabilitation plan.

The Rehabilitation Plan states that the Fund will make adequate progress, to the extent reasonable based on financial markets activity and other relevant factors, toward enabling the Fund to forestall insolvency past 2024. Currently, a projected insolvency during 2031 meets this standard.

SCHEDULE OF PROJECTION OF EXPECTED BENEFIT PAYMENTS (SCHEDULE MB, LINE 8b(1))

Plan Year	Expected Annual Benefit Payments
2015	\$188,375,315
2016	191,272,730
2017	194,948,106
2018	199,114,842
2019	204,482,465
2020	208,653,995
2021	212,875,746
2022	216,423,475
2023	219,273,480
2024	221,454,655

March 31, 2015

Internal Revenue Service Employee Plans Compliance Unit Group 7602 (SE:TEGE:EP) Room 1700 - 17th Floor 230 S. Dearborn Street Chicago, IL 60604

To Whom It May Concern:

As required by ERISA Section 305 and the Internal Revenue Code (IRC) Section 432, we have completed the actuarial status certification as of January 1, 2015 for the following plan:

Name of Plan: PACE Industry Union-Management Pension Fund Plan number: EIN 11-6166763/PN 001 Plan sponsor: Board of Trustees, PACE Industry Union-Management Pension Fund Address: 3320 Perimeter Hill Drive, Nashville, TN 37211 Phone number:

As of January 1, 2015, the Plan is in critical and declining status. This certification also notifies the IRS that the Plan is making the scheduled progress in meeting the requirements of its rehabilitation plan, based on plan information received from the sponsor and the annual standards of the rehabilitation plan.

If you have any questions on the attached certification, you may contact me at the following:

Segal Consulting 333 West 34th Street New York, NY 10001 Phone number: 212.251.5000
