Report of Independent Auditor

To the Board of Trustees USW HRA Fund Nashville, Tennessee

Report on the Financial Statements

We have audited the accompanying financial statements of USW HRA Fund (the "Fund"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Fund's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of USW HRA Fund as of December 31, 2019 and 2018, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Schedules

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i and Schedule of Reportable Transactions – Form 5500, Schedule H, Part IV, Line 4j, together referred to as "supplemental schedules", are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental schedules required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Fund's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

NOTES TO THE FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2019 AND 2018

Note 1—Description of the Plan

The following description of the USW HRA Fund (the "Fund") provides only general information. Participants should refer to the Fund's plan of benefits (the "Plan") for a more complete description of the Plan's provisions.

General Description of Fund – The Fund is a voluntary employee beneficiary association ("VEBA") as defined under Section 501(c)(9) of the Internal Revenue Code ("IRC") and is funded solely by contributions made by participating employers ("Employer"). The Fund, which is also subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), is administered by a joint Board of Trustees, consisting of one union representative and one employer representative (collectively, the "Trustees"). The assets of the Fund are administered under the terms of a custodial agreement between the Fund and First Tennessee Bank National Association.

The Fund's Plan provides benefits through a health reimbursement arrangement ("HRA"). Under the HRA, the Fund receives contributions from Employers that are credited to the individual accounts established in the name of each participant or retiree (collectively, "Participants"). These individual accounts are used to reimburse Participants and their dependents for eligible out of pocket medical expenses as defined in the Summary Plan Description ("SPD").

Participants are eligible for participation on the first day of active employment for which an Employer is required to make a contribution on behalf of the Participant, provided the Participant is enrolled in a group health plan that provides minimum value as described under the Patient Protection and Affordable Care Act ("ACA").

Contributions – Employers pay contributions based on the terms and rates outlined in their respective collective bargaining agreement and standard form of participation agreement.

Participants and their dependents can elect to make monthly after-tax contributions to their account upon the occurrence of a qualifying event as outlined in the Consolidated Omnibus Budget Reconciliation Act ("COBRA").

Participant Accounts – Each Participant's account is credited with allocations of Employer contributions, plan earnings and losses, and administrative expenses. Allocations are based on hours worked by participants, participant account balances, participants being employed on certain days, or appropriate group health plan coverage, as defined in the Plan and employer participation agreements. Participant account balances remaining at the end of each calendar year are available for use in subsequent years for participants.

Access to Benefits – The Plan is composed of three programs. Each Employer participates in the program based on the terms in their respective collective bargaining agreement and standard form of participation agreement.

Program A (Full Access Program) – A participant, a retiree, and a dependent of a deceased participant or a retiree may access up to 100% of their account balance at any time.

Program B (Partial Access Program) – A participant or a dependent of a participant may access up to 50% of the amount of the participant's account as determined on January 1 of each year. A deceased participant's dependents, a retiree, and a retiree's dependents may access up to 100% of their account balance at any time.

Program C (Retiree Access Program) – A participant has no access to his or her account balance until they reach age 65 or retire, as defined by the Plan. A participant, who is age 65 or older or retired, as defined by the Plan, may access up to 100% of their account balance at any time. A deceased participant's dependents may access up to 100% of their account balance at any time.

NOTES TO THE FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2019 AND 2018

Note 1—Description of the Plan (continued)

Once a participant's account is reduced to zero, neither the participant nor his or her dependent is eligible for benefits from the Fund unless his or her participating employer makes additional contributions on behalf of the participant, or the participant or dependent makes after-tax payments to the Fund to maintain COBRA coverage. If a participant dies or retires with a remaining account balance, the account is maintained and is available to reimburse the participant's spouse or other dependents for eligible medical expenses until the account is reduced to zero. COBRA coverage may also be elected.

Subject to certain exceptions described in the Plan, the Plan reimburses participants or their dependents for eligible medical expenses that are tax deductible under IRC Section 213. No participant or dependent can elect to receive cash or other taxable or nontaxable benefits under the Fund, other than the reimbursement of eligible medical expenses.

Forfeited Accounts – Amounts remaining in a participant's account following death, or under other circumstances described in the Plan, may only be used by the participant's spouse or other dependents to pay for eligible medical expenses. Except as otherwise provided by the Plan, no other distribution from the deceased participant's account may be made. If there are no dependents upon the participant's death, any remaining amount in the account will be forfeited. Any amount remaining in an account is forfeited upon termination of COBRA continuation coverage.

Any contributions received for Participants not enrolled in a group health plan that provides minimum value as described under the ACA will not be credited with contributions or earnings during periods of lapsed coverage.

All forfeited accounts are available to pay administrative expenses of the Fund. During 2019 and 2018, forfeitures of \$68,382 and \$16,055, respectively, were applied to the Fund's administrative expenses.

Administrative Expenses – Reasonable administrative expenses of the Fund are paid from the investment income on the Fund's assets and from forfeited participant accounts. To the extent that investment income and forfeitures are not sufficient to pay administrative expenses, then such expenses will be deducted from each participant's account on a pro-rata basis in proportion to the amount in each participant's account.

Amendments – Certain provisions of the Plan have been amended by the Trustees. Participants should refer to the SPD and Summaries of Material Modifications (SMM) for the details of such amendments and their impact on the benefits provided under the Plan.

Plan Termination – Although they have not expressed any intent to do so, the Trustees have the right under the Fund to discontinue the Plan at any time and to terminate the Fund subject to the provisions of ERISA. In the event of termination, the Fund will pay benefits that participants are entitled to receive under the terms of the Plan. Any assets remaining after all benefits have been paid will be used to pay administrative expenses associated with the Fund.

Note 2—Summary of significant accounting policies

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition – Investments are stated at fair value as reported by the custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

NOTES TO THE FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2019 AND 2018

Note 2—Summary of significant accounting policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation includes the Fund's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are paid when a valid claim form is submitted by an eligible participant and approved for payment in accordance with the requirements of the Plan.

Allocation of Operating and Administrative Expenses – The Fund has entered into an agreement to share the cost of administrative services for the operations of the Fund with those of the PACE Industry Union-Management Pension Fund ("PIUMPF"). The costs allocated to the Fund are determined via specific identification of direct expenses of the Fund and the appropriate allocation of PIUMPF's salaries, benefits, and other common expenses. The Fund records such allocated costs in administrative expenses in the accompanying financial statements. The expenses allocated by PIUMPF to the Fund for the years ended December 31, 2019 and 2018 were \$183,899 and \$160,414, respectively.

Use of Estimates – The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 3—Fair value measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Fund has the ability to access.

Level 2 – Inputs to the valuation methodology include the following:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO THE FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2019 AND 2018

Note 3—Fair value measurement (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money Market Fund - Valued at the net asset value of shares held by the Fund at year-end.

U.S. Government Securities and Corporate Debt Instruments – Valued, whenever possible, at the closing price reported in the active market in which the security is traded. Securities, for which no sale was reported on the last business day of the year, are valued by evaluated pricing models using available information, as applicable, through processes such as benchmark curves, benchmarking of like securities, sector groupings, and matrix pricing.

Corporate Stocks – Valued at the closing price reported on the active market on which the securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Fund believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Fund's assets at fair value at December 31, 2019 and 2018.

Access at Eair Value at December 21, 2010

NOTES TO THE FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2019 AND 2018

Note 3—Fair value measurement (continued)

Changes in Fair Value Levels – The availability of observable market data is monitored by the Fund's custodian to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported on the actual date of the event or change in circumstances that caused the transfer.

The Fund has evaluated the transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no significant transfers between levels for the years ended December 31, 2019 and 2018.

Note 4—Concentrations of credit risk

At various times during the year, the Fund has cash deposits at a bank in excess of the federally insured limit. The Fund has not experienced any losses in such accounts, and the Trustees believe the Fund is not exposed to any significant credit risk in this regard.

The Fund utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that any such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 5—Tax status

The Fund obtained a favorable determination letter on August 17, 1994, in which the Internal Revenue Service stated that the Fund is tax-exempt under Section 501(a) of the IRC as an organization described in 501(c)(9) of the IRC. The Fund is required to operate in conformity with the IRC to maintain its qualification. The Fund has been amended since receiving the determination letter. However, the Trustees believe that the Fund is designed and is currently being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Fund management to evaluate tax positions taken by the Fund and recognize a tax liability (or asset) if the Fund has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Fund management has analyzed the tax positions taken by the Fund, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Fund is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6—Party-in-interest transactions

The Fund pays all expenses related to operations and investment activities to various service providers. These transactions are party-in-interest transactions under ERISA.

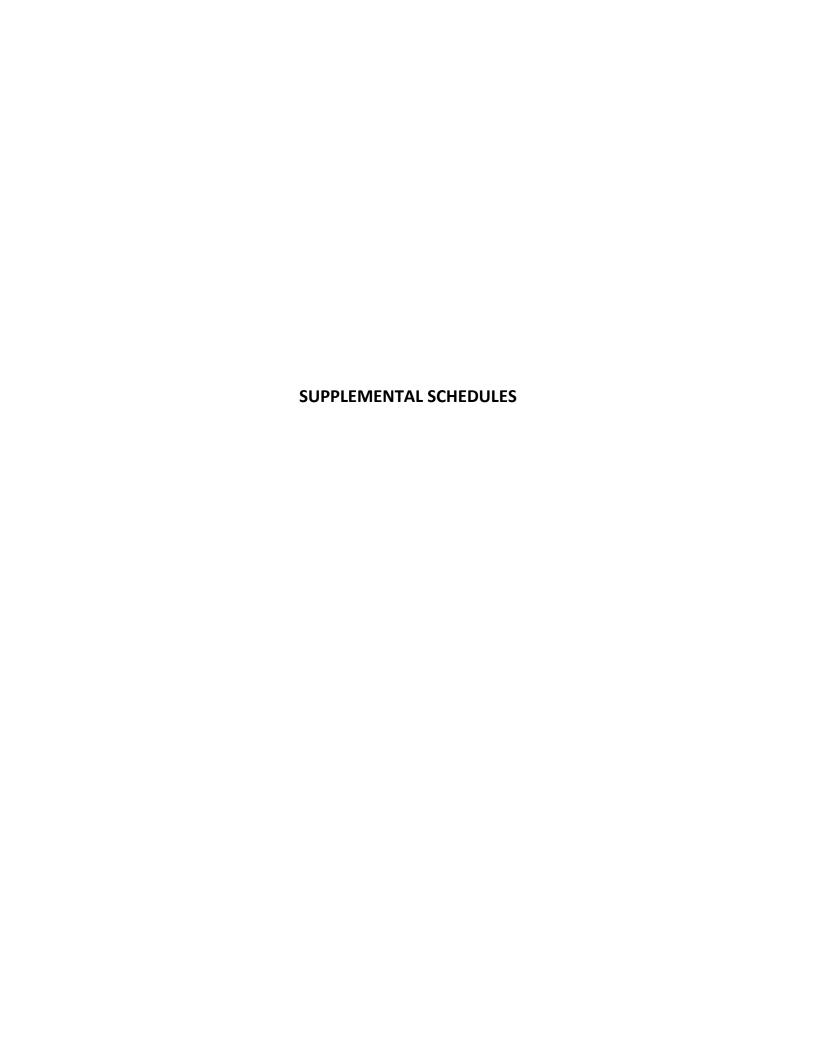

Certain members of the Trustees are also trustees of PIUMPF and USW Industry 401(k) Fund.

NOTES TO THE FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2019 AND 2018

Note 7—Subsequent events

The Fund evaluated subsequent events through October 1, 2020 when these financial statements were available to be issued. As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen, triggering volatility in the financial markets and a significant negative impact on the global economy. As a result, the Fund's investment portfolio has incurred a significant decline in fair value since December 31, 2019. However, because the values of the Fund's individual investments have and will continue to fluctuate in response to changing market conditions, the amounts of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 coronavirus outbreak continues to evolve as of the date of this report.
